Covenant School of Nursing and Allied Health

Consumer Catalog
This Catalog is for informational purposes and does not create a contract, nor does it constitute a guarantee of continued enrollment. Covenant School of Allied Health continuously attempts to improve each program and reserves the right to modify admission criteria, course content, and policies as deemed necessary.

ORIGINAL PUBLICATION DATE: January 2014
Welcome to Covenant School of Nursing and Allied Health

Welcome!

Thank you for your interest in our school. Our team of dedicated faculty and staff is committed to the successful education of the future healthcare workforce.

We are committed to providing a challenging and satisfying educational environment for you. Lifelong learning is important to all of us at Covenant School of Nursing and Allied Health.

We hope to welcome you to our campus soon as an incoming student.

Warm regards,

Alicia Anger, MSN, RN
Dean, Professional Nursing Program

Lori Oswalt, MSRT (R) (MR)
Director, Radiologic Technology Program

Gradene Enos, BSN, RN,
Dean, Surgical Technology Program

Section 1: Covenant Health
Covenant Health Mission, Vision, Values and Direction

**Mission:**
To extend Christian ministry by caring for the whole person—body, mind, and spirit—and by working with others to improve health and quality of life in our communities.

**Vision:**
We bring people together to provide compassionate care, promote health improvement and create healthy communities.

**Values:**

*Dignity:*
We respect each person as an inherently valuable member of the human community and as a unique expression of life.

*Excellence:*
We foster personal and professional development, accountability, innovation, teamwork and commitment to quality of life.

*Service:*
We bring together people who recognize that every interaction is a unique opportunity to serve one another, the community and society.

*Justice:*
We advocate for systems and structures that are attuned to the needs of the vulnerable and disadvantaged and that promote a sense of community among all persons.

**Direction:**
Our covenant is to be one of the premier Texas healthcare systems by 2015, known for our Christian Service, Clinical Excellence and commitment to Healthy Communities.

*Christian Service:*
We will create sacred encounters through compassion, caring, dignity and connection.

*Clinical Excellence:*
Covenant will be recognized as a leader in clinical quality and culture of safety.

*Healthy Communities:*
We will improve the health of people through wellness and disease management.
Covenant School of Nursing and Allied Health

Organization
Covenant School of Nursing and Allied Health (CSNAH) is organized under Covenant Health. Covenant Health is a private, not-for-profit healthcare agency accredited by The Joint Commission and is a member of St. Joseph Health of Orange County, California. Covenant Health has facilities to care for medical, surgical, obstetrical, pediatric, emergency, and geriatric patients.

Covenant Health
Covenant Health is the largest health institution in the West Texas and Eastern New Mexico region. It serves a 62-county area with a population of more than 1.2 million people, with more than 50 percent of the patients coming from outside of Lubbock County.

Covenant Health consists of 4 cornerstone facilities, plus a network of 14 leased and managed community hospitals, including Covenant Hospital Levelland and Covenant Hospital Plainview, 20 Healthcare Centers and Family Healthcare Centers. The cornerstone facilities are located in Lubbock, Texas: Covenant Medical Center (CMC), Covenant Medical Center-Lakeside (CML), Covenant Children’s Hospital (CCH) and the Covenant Specialty Hospital (CSH)—that house a number of specialty treatment centers including:

- Covenant Heart and Vascular Institute
- Covenant NeuroScience Institute
- Owens-White Outpatient Rehabilitation Center
- Joe Arrington Cancer Research and Treatment Center
- Covenant Women’s Hospital
- Covenant Children’s Hospital

Background
Covenant Health is a member of St. Joseph Health, one of the most successful not-for-profit health systems in the United States. It was founded in 1998 through the merger of two of Lubbock’s most venerable health care facilities, St. Mary of the Plains Hospital and Lubbock Methodist Hospital System.

St. Mary Hospital was founded in 1937 as the 10-bed Plains Hospital and Clinic, becoming St. Mary of the Plains Hospital in 1939, when the Sisters of St. Joseph of Orange, California, purchased the facility. Today, St. Mary of the Plains Hospital is known as Covenant Medical Center–Lakeside.

The facility now known as Covenant Medical Center began as the 25-bed Lubbock Sanitarium in 1918. The facility became known as Lubbock General Hospital in 1941, then Lubbock Memorial Hospital in 1945. In 1954, it became Methodist Hospital.
Corporate Officers:
Richard Parks, President/CEO Covenant Health System
Troy Thibodeaux, CEO Covenant Lubbock
Walt Cathey, COO
John Grigson, CFO
Karen Baggerly, CNO, Vice-President of Nursing

Board of Directors:
Richard Parks, President/CEO
John Zwiacher, Chairman
Sister Mary Therese Sweeney, Vice Chair
Ted Thames, MD, Secretary

Section 3: Student Financial Assistance
Basic Student Financial Aid Information

Covenant School of Nursing & Allied Health (CSNAH) offers a quality education at a surprisingly affordable cost. However, many qualified students will need financial assistance in the form of Federal Aid in order to attend any of our programs. The objective of the student financial aid program at CSNAH is to provide assistance to students who, without such assistance, would not be able to pursue higher education.

Need-based and Non-need based Financial Assistance

Financial assistance at CSNAH includes Federal Pell Grant, William D. Ford Federal Direct Loan (subsidized and unsubsidized), William D. Ford Federal Direct Loan for Parents (PLUS) for dependent students, Federal Supplemental Educational Grant (FSEOG), Veteran’s benefits and various scholarships. Assistance is awarded on the basis of documented financial need to eligible students who are making satisfactory academic progress toward a diploma. Need is defined as the difference between the anticipated Cost of Attendance (COA) at CSNAH and the Estimated Family Contribution decided by the Free Application for Federal Student Aid (FAFSA). No student or prospective student shall be excluded from participation in or denied the benefits of any financial aid program at CSNAH on the grounds of race, color, national origin, religion, or sex. Awards from financial aid programs funded by the federal government are administered according to the laws and guidelines governing those programs.

Title IV, HEA Programs Available at CSNAH

Federal Pell Grant
A Federal Pell Grant, unlike a loan, does not have to be repaid by the student to the Federal Government unless you withdraw from school prior to the planned program completion date. Federal Pell Grants are awarded to undergraduate students who have not earned a bachelor’s or a professional degree. You are not eligible to receive a Federal Pell Grant if you are incarcerated in a federal or state penal institution or are subject to an involuntary civil commitment upon completion of a period of incarceration for a forcible or non-forcible sexual offense. Federal Pell Grants are the foundation of federal student financial assistance to which aid from other federal and nonfederal sources might be added. Unlike loans, grants are not repaid unless, for example, you withdraw from school prior to the planned program completion date. All federal grants are awarded to students with financial need. The amount of your Federal Pell Grant depends on your cost of attendance, expected family contribution, enrollment status (full or part time) and whether you attend for a full academic year or less. For more information regarding Federal Pell Grants go to http://studentaid.ed.gov/types/grants-scholarships/pell

The U.S. Department of Education has two Federal Student Loan Programs

William D. Ford Federal Direct Loan Program:
This Direct loan program is the largest federal student loan program. Under this program, the U.S. Department of Education is your lender. There are three types of Direct Loan Programs available to CSNAH:
• Direct Subsidized Loans are loans made to eligible undergraduate students who demonstrate financial need to help cover school expenses. The U.S. Department of Education pays the interest while the student is in school at least part-time and for the first six months after the student leaves.

• Direct Unsubsidized Loans are loans made to eligible undergraduate, graduate and professional students, but in this case, the student does not have to demonstrate financial need to be eligible for the loan. The U.S. Department does not pay interest on subsidized loans. A student is responsible for paying the interest that accrues on the loan from the time the loan is disbursed until it’s paid in full. The interest rate can be paid while attending school, during a period of deferment or forbearance or it can be accrued and the interest added to the principle amount of the loan.

• Direct PLUS Loans are loans made to graduate or professional students and parents of dependent undergraduate students to help pay for education expenses not covered by other financial aid. The terms and conditions of this type of loan include a requirement that the applicant not have an adverse credit history, a repayment period that begins on the date of the last disbursement of the loan and a fixed interest rate of 6.41 percent.

• For more information regarding Direct Federal Loan Programs visit http://studentaid.ed.gov/types/loans

**Federal Supplemental Educational Opportunity Grant:**
The Federal Supplemental Educational Opportunity Grant, more commonly known by its acronym FSEOG, is a federal assistance grant reserved for college students with the greatest need for financial aid to attend school. To be eligible for this grant, applicants must meet all of the following criteria:

• Be a United States citizen or eligible non-citizen
• Not have a bachelors degree
• Not be in default of any federal student loan
• Not have a Federal Pell Grant overpayment
• Must fill out a Free Application for Federal Student Aid (FAFSA)
• The maximum FSEOG a student can receive is $4000/year and the amount applicants are eligible for is at the discretion of CSNAH financial aid officer. For more information regarding Federal Supplemental Educational Opportunity Grants visit http://studentaid.ed.gov/types/grants-scholarships/fseog

**Why Should I Take out Federal Student Loans Instead of a Private Loan?**

Federal student loans are an investment in your future. You should not be afraid to take out federal student loans, but you should be smart about it. Federal student loans offer many benefits compared to other options you may consider when paying for college:

• The interest rate on Federal student loans is almost always lower than that on private loans—and much lower than that on a credit card!
• You do not need a credit check or a cosigner to get most federal student loans.

Covenant School of Nursing and Allied Health
• You do not have to begin repaying your federal student loans until after you leave school or drop below half time.
• If you demonstrate financial need, you can qualify to have the government pay your interest while you are in school.
• Federal student loans offer flexible repayment plans and options to postpone your loan payments if you are having trouble making payments.
• If you work in certain jobs, you may be eligible to have a portion of your federal student loans forgiven if you meet certain conditions.

Veterans Benefits/Other Funding Sources

Selected programs of study at Covenant School of Nursing and Allied Health are approved by the Texas Veterans Commission for enrollment of those eligible to receive benefits under Section 3676, Chapters 30 or 32, Title 38. Determinations for Texas Veteran’s Commission (TVC) funds are made directly through the Texas Veteran’s Commission. Additional funding may be obtained for eligible candidates through many different programs including; Texas Workforce Commission, Department of Assistive and Rehabilitative Services (DARS), and Private Scholarship funds. The determinations for these funds are made through the respective organizations. Covenant School of Nursing and Allied Health does not participate in the Hazelwood Act.

Various Scholarships

Various Donor scholarships are awarded to eligible students and are based on documented financial need and other qualifications required by the donors of the scholarship funds. CSNAH students are notified of scholarship application and eligibility deadlines throughout the academic year by the Financial Aid Officer.

Terms and Conditions for Title IV, HEA Loans

General Eligibility
Most students are eligible to receive Title IV, HEA financial aid from the federal government to help pay for college or career school. Your age, race, or field of study will not affect your eligibility for federal student aid. While your income is taken into consideration, it does not automatically prevent you from getting federal student aid. To be eligible for federal student aid the student will need to:
• Demonstrate a financial need
• Qualify to obtain a college or career school education, either by having a high school diploma or General Educational Development (GED) certificate, or by completing a high school education in a homeschool setting approved under state law.
• Be enrolled or accepted for enrollment as a regular student in an eligible degree or certificate program.
• Be a U.S. citizen or eligible noncitizen
• Have a valid Social Security number unless you are from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau.
Maintain satisfactory academic progress (SAP) while you are attending college or a career school.
Sign certifying statements on the FAFSA stating that:
- you are not in default on a federal student loan
- do not owe a refund on a federal grant
Sign the required statement that you will use federal student aid only for educational purposes
Be enrolled at least half-time to be eligible for Direct Loan Program funds
Be registered with Selective Service, if you are a male (you must register between the ages of 18 and 25). Men exempted from the requirement to register include:
- Males currently in the armed services and on active duty (this exception does not apply to members of the Reserve and National Guard who are not on active duty);
- Males who are not yet 18 at the time they complete their application (an update is not required during the year, even if a student turns 18 after completing the application);
- Males born before 1960;
In addition, you must meet one of the following:
- Be a U.S. CITIZEN or U.S. NATIONAL. You are a U.S. citizen if you were born in the United States or certain U.S. territories, if you were born abroad to parents who are U.S. citizens, or if you have obtained citizenship status through naturalization. If you were born in American Samoa or Swains Island, then you are a U.S. national.
- Have a GREEN CARD. You are eligible if you have a Form I-551, I-151, or I-551C, also known as a green card, showing you are a U.S. permanent resident.
- Have an ARRIVAL-DEPARTURE RECORD. You’re Arrival-Departure Record (I-94) from U.S. Citizenship and Immigration Services must show one of the following:
  - Refugee
  - Asylum Granted
  - Cuban-Haitian Entrant (Status Pending)
  - Conditional Entrant (valid only if issued before April 1, 1980)
  - Parolee
  - Have BATTERED IMMIGRANT STATUS. You are designated as a “battered immigrant-qualified alien” if you are a victim of abuse by your citizen or permanent resident spouse, or you are the child of a person designated as such under the Violence Against Women Act.
- Have a T-VISA. You are eligible if you have a T-visa or a parent with a T-1 visa.

Note: All students not born in the United States must provide a proof of permanent residency prior to being considered for admission to CSNAH.

Drug-Related Convictions
A student convicted of the sale or possession of illegal drugs may have federal student aid eligibility suspended if the offense occurred while the student was receiving federal student aid. An affected student can regain eligibility early by successfully completing an approved drug
rehabilitation program or by passing two unannounced drug tests conducted by an approved drug rehabilitation program.

**Conviction for Possession or Sale of Illegal Drugs**
- A Federal or state drug conviction can disqualify a student for FSA funds. The student self-certifies in applying for aid that he/she is eligible for by using the FAFSA. CSNAH is not required to confirm this unless there is evidence of conflicting information. The chart below illustrates the period of ineligibility for FSA funds, depending on whether the conviction was for sale or possession and whether the student had previous offenses. (A conviction for the sale of drugs includes conviction for conspiring to sell drugs)

<table>
<thead>
<tr>
<th></th>
<th>Possession of illegal drugs</th>
<th>Sale of illegal drug</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st Offense</td>
<td>1 year from date of conviction</td>
<td>2 year from date of conviction</td>
</tr>
<tr>
<td>2nd Offense</td>
<td>2 year from date of conviction</td>
<td>Indefinite period</td>
</tr>
<tr>
<td>3+ Offense</td>
<td>Indefinite period</td>
<td></td>
</tr>
</tbody>
</table>

- If a student was convicted of both possessing and selling illegal drugs, and the periods of ineligibility are different the student will be ineligible for the longer period.
- A student regains eligibility the day after the period of ineligible ends or when he/she successfully completes a qualified drug rehabilitation program. Further drug conviction will make him/her ineligible again.
- When a student regains eligibility during the award year, the institute may award Pell and/or Loan for the current payment period.
- A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:
  - Be qualified to receive funds directly or indirectly from a federal, state or local government program.
  - Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company.
  - Be administered or recognized by federal, state or local government agency or court.
  - Be administered or recognized by a federally or state-licensed hospital, health clinic or medical doctor.

**Civil Commitment for Sexual Offenses**
A student subject to an involuntary civil commitment after completing a period of incarceration for a forcible or non-forcible sexual offense is ineligible to receive a Federal Pell Grant.

The U.S. Department of Education’s office of Federal Student Aid provides more than $150 billion every year in grants, federal loans and work-study funds to students attending college or career schools. Visit www.studentaid.gov today to learn how to pay for your higher education.
How is Financial Need Determined?

A student must demonstrate financial need to be eligible for most federal student aid. At its simplest level, a student’s financial need is the difference between the students’ cost of attendance and the Expected Family contribution (EFC).

**Need Analysis**
The process of analyzing a student's financial need, known as need analysis, focuses on determining how much the family reasonably can be expected to contribute toward the student’s education. An applicant's need is calculated by collecting information about the family’s income, assets, and living expenses.

**Calculating the EFC**
For an EFC calculation, a student must complete and file the FAFSA. The fastest and easiest way to do so is to apply online at [www.fafsa.gov](http://www.fafsa.gov). Unlike college admissions applications, the FAFSA is sent to a U. S. Department of Education processing center. The student’s information is entered into a computer system, which then calculates the student’s official EFC. For a detailed breakdown of the EFC formula, go to the FAFSA section of [www.StudentAid.gov/resources](http://www.StudentAid.gov/resources).

**Cost of Attendance**
Once the school knows the students EFC, the next step is to subtract it from the student’s cost of attendance. The result is the student's financial need.

Cost of Attendance can include tuition and fees, books and supplies, equipment, living expenses and other educational costs such as transportation costs.

**Financial Aid Package**
Using all available federal and nonfederal aid, the financial aid officer will construct a financial aid package that comes as close as possible to meeting the student’s financial need. The financial aid package is presented to the student in an electronic award letter. The student may accept or decline any of the financial aid offered.

The annual maximum awards for different types of federal funding can be found at [www.StudentAid.gov/resources](http://www.StudentAid.gov/resources).

**How Much Federal Pell Grant Funding can a Student Get?**
To determine the amount of a student’s Federal Pell Grant, the Financial Aid Officer consults a table that indicates Pell awards based on the COA, EFC and other factors. The lower the EFC, the higher the grant award is.

**How Much Federal Campus-based Aid (FSEOG) and Subsidized Loan Money can a Student Get?**
When awarding campus-based aid or subsidized loans, the Financial Aid Officer will consider other aid available to the student in addition to the EFC to determine need.

**How Much Money can a Student Get in Direct Unsubsidized Loans?**
Whatever the student receives in Direct Subsidized Loan funds will be subtracted from the maximum amount for the Direct Unsubsidized loan so that the student will not receive more than the maximum amount allowed of the Direct Loans combined.
Because Direct Unsubsidized Loans are not need based, the Financial Aid Officer will apply the following principles to determine a student’s eligibility:

- The amount of the loan may not exceed the difference between the student’s COA and all other aid the student is receiving, including aid from private and other nonfederal sources.
- The school must consider the student’s eligibility for other aid before determining a loan amount.

**How to Apply for Federal Student Aid**
The student who completes the FAFSA and whose social security number, name and date of birth are confirmed will be offered an opportunity to create a personal identification number (PIN). A PIN is used to:

- Sign the FAFSA electronically
- Access to applicant’s information to view processing results, make corrections or renew a FAFSA
- Access to online information about federal student aid the student has received

Applications for federal aid programs are made by completing a Free Application for Federal Student Aid (FAFSA). Completing and submitting the FAFSA is free and easier than ever and it gives you access to the largest source of financial aid to pay for college or career school. You will need to use the CSNAH School Code #014107 when completing your FAFSA. The FAFSA can be located online at the following address: [http://www.fafsa.ed.gov](http://www.fafsa.ed.gov). If you have any difficulty accessing or understanding the FAFSA, you may make an appointment with the Financial Aid Officer for assistance.

**What to Expect After Applying**

- The FAFSA data is transmitted to the Federal Student Aid’s Central Processing System (CPS) to determine EFC and ensure there are no discrepancies of the entered data.
- Within 72 hours of receiving a completed application, CSNAH will have access to an electronic report form called an Institutional Student Information Record (ISIR).
- The student will receive an output document called a Student Aid Report (SAR). If a student receives a rejected SAR, the form will specify information the applicant must provide before the CPS can determine eligibility.
- Financial Aid Officer will send accepted students a Student Data Form to complete prior to packaging of the aid.
- Students who are requesting Stafford Direct Loans will be required to complete Entrance Counseling and a Master Promissory Note (MPN) prior to awarding a Direct Loan. Entrance Counseling and the MPN can be accessed at [www.studentloans.gov](http://www.studentloans.gov).
- At this point, the Financial Aid Officer will construct a financial aid package that the student may accept, change or decline.
- The Financial Aid Officer will request a drawdown of funds to be credited to the students account.
- FAFSA Verification: Every year a number of students who are eligible for financial aid are randomly selected for verification by the U.S. Department of Education by the
FAFSA Central Processing System (CPS). If a student is selected for federal verification, they will be asked to complete a Verification Worksheet (provided by the Financial Aid Officer) and must provide additional information before financial aid can be disbursed to the student account. This documentation may include but is not limited to federal income tax transcript and W-2 forms (student’s, spouse and/or parents/guardians), proof of untaxed income, housing allowances, etc. Students will be notified in writing of all documents required to fulfill this federal requirement and what their verification code (V1-V6) was so they can complete the required verification requirement. If after review by the Financial Aid Officer, there are any changes to the financial aid package the student will be notified in writing.

**How and When Financial Aid can be Disbursed**

Financial aid is awarded for the academic year. The financial aid award is required to be split equally between two parts of the academic year. Financial aid is paid to a student’s account when the following conditions are met:

- The student is determined to be eligible and is awarded.
- Loan funds have been received from the lender.
- The student has achieved the appropriate number of hours.
- The student is determined to be maintaining Satisfactory Academic Progress.
- The disbursement date for the term has been reached.

When all conditions have been met, credit balances are issued by check to the student through the Business Office. Funds continue to be released throughout the term to student accounts as students are awarded and as funds arrive from various sources.

Currently, CSNAH has three programs that are eligible for Title IV, HEA funding:
### School of Nursing

*If a student is not meeting the SAP requirements, their Title IV, HEA funding could be in jeopardy which could result in a loss of Title IV, HEA funding.*
Rights and Responsibilities of Students Receiving Federal Student Aid

Students receiving financial aid have the right to ask the school:

- The name of its accrediting and licensing agency
- About its programs, its instructional, laboratory, its physical facilities, and its faculty
- What the cost of attending is and the institutions policies concerning, Refunds and Return to Title IV to students who withdraw (drop out)
- What financial assistance is available at CSNAH; including information on all federal, state, local, private and institutional financial aid programs
- How it determines a student’s eligibility and need for financial aid
- How much of your financial need, as determined by the school, has been met
- To explain each type and amount of assistance in your financial aid package
- What the interest rate is on any student loan you have, the total amount you must repay, when a student must start repaying
- What is a deferment of repayment or forbearance for certain defined periods. How to find out if you qualify and what steps you must take to request a Title IV, HEA loan deferment or forbearance
- How they provide written information on student’s loan obligations and information on your rights and responsibilities as a borrower
- Whom you must contact to have your aid package reevaluated, if you believe a mistake has been made or if your enrollment or financial circumstances have changed
- How the school determines whether you are making satisfactory academic progress (SAP) and what happens if you fail to maintain SAP
- How failing to maintain SAP affects your title IV, HEA eligibility and funding
- What special facilities and services are available to students with disabilities and how to request a reasonable accommodation

It is the Student’s Responsibility to:

- Review and consider all the information about the programs offered by the Institution before you enroll.
- Pay special attention to the application process for Federal Student Financial Aid, complete the FAFSA accurately, and submit it on time to the right place. Errors on the FAFSA can delay or prevent you from receiving Title IV, HEA funding timely.
- Know and comply with all deadlines for applying and reapplying for aid. A student must reapply each year for the next Title IV, HEA award year. Speak with your schools Financial Planner for addition information and guidance.
- Provide all enrollment and verification documentations, corrections, and/or new information requested by either the financial aid officer or the agency timely to which you submitted the application.
- Notify the school of any information that has changed since you initially applied.
Read, understand, and keep copies of all forms you were asked to sign!

Ensure you understand that you must start making monthly repayment on your student Title IV, HEA loans after your grace period ends, unless you have a deferment or forbearance. Note: When you sign your Master Promissory Note (MPN), you are agreeing to repay your loan.

You must complete an exit interview at the time you leave the school to determine the net balance of your account with the school as well as the net balance of any student loans.

Notify the school of a change in your name, address, phone number, or attendance status (full/part-time student). Note: If you have student loans, you must notify your lender of these changes also!

Ensure you understand your school's refund policy.

Ensure you understand and comply with the enrollment status, financial charges, financial terms, time allowed to complete, refund policy and termination procedures as specified in the enrollment contract you will be asked to sign.

Understand that you may also be responsible for any Return to Title IV (R2T4), HEA funds return by the institution on your behalf.

Understand that there could be liabilities when errors are made because of inconsistent information, which was provided by you the student. This could result in an over award of Title IV, HEA funding that the student was not eligible for and was advanced to you or credited to your student account.

Note: Financial aid administrators are given the authority (by the Higher Education Act of 1965) to use professional judgment in reviewing requests by students to consider special or extenuating circumstances that are not reflected on the FAFSA or included in the standard Cost of Attendance. A request for professional judgment must be submitted with the proper form(s); documentation required for verification (signed tax return, verification worksheet) and supporting the circumstance(s). Review is done on a case-by-case basis only and the decision by the financial aid administrator is final. Approval of the request does not guarantee additional financial aid eligibility. Circumstances not allowed by Federal regulation to be considered include vacation expenses, tithing, credit card expenses/debt, and standard living expenses such as rent, utilities, and allowances.
Satisfactory Academic Progress

Federal regulations require all schools participating in state and federal financial aid, Title IV, HEA programs to monitor Satisfactory Academic Progress (SAP). These standards are applicable to all students attending this institution. Students enrolled in programs approved by the Accrediting Bureau of Health Education School, Texas Work Force Commission and the U.S. Department of Education must meet formal standards that measure their satisfactory progress toward graduation. The policy is provided to all students prior to the first class session and consistently apply to all applicable students. Additionally, All Evaluations are maintained in the student’s respective file.

The new SAP definitions went into effect on July 1, 2011. The school developed standards to determine the academic standings that students are expected to meet and build a means and schedule of measuring the achievement of those Pace and Quantitative standards. If the student has made acceptable Pace and Quantitative progress for that particular payment period, then the school reviews the 150% of the maximum allowable time frame criterion to measure student’s SAP.

SAP standards are established by the leadership group at Covenant School of Nursing and Allied Health. The relevant SAP standards are summarized below.

All students must maintain Satisfactory Academic Progress (SAP) according to the following standards in order to continue enrollment. SAP is measured at the end of each payment period, and will be checked prior to the disbursement of Financial Aid dollars.

**Academic Requirements**

Financial aid recipients are required to be making SAP and passing all components of each program at the time financial aid is disbursed and subsequent payment periods. Each student’s status will be monitored at the end of each payment period to ensure compliance with the SAP policy.

*Registered Nursing*

100-90 (A) Excellent
80-89 (B) Good
75-79 (C) Satisfactory
Below 75 (F) Unsatisfactory

*Radiography*

100-94 (A) Excellent
93-87 (B) Good
86-80 (C) Satisfactory
Below 80 (F) Unsatisfactory

*Surgical Technology*

100-93 (A) Excellent
84-92 (B) Good
83-75 (C) Satisfactory
Below 75 (F) Unsatisfactory

**Quantitative Requirements**
All students are expected to complete the program within 150% of the normal time required of any graduate. See the table below for program completion times. This time frame will be measured in terms of clock hours attempted. This standard shall apply to all students except those on an approved Leave-of-Absence (see LOA Policy).

<table>
<thead>
<tr>
<th>Program Type</th>
<th>Program length</th>
<th>100% completion</th>
<th>150% completion</th>

</thead>
<tbody>
<tr>
<td>Registered Nurse program</td>
<td>76 weeks</td>
<td>1994 clock hours</td>
<td>2991 clock hours</td>
</tr>
<tr>
<td>Radiography program</td>
<td>81 weeks</td>
<td>2229 clock hours</td>
<td>**</td>
</tr>
<tr>
<td>Surgical Technology program</td>
<td>44 weeks</td>
<td>1450 clock hours</td>
<td>2175 clock hours</td>
</tr>
</tbody>
</table>

**Radiography students are expected to complete their program within 100% of the normal time. Students that fail to meet minimum requirements and/or fail any course are dismissed from the radiography program without appeal.**

**CSNAH Academic Year Definitions**
*Registered Nurse program:* 997 hours and 38 weeks

*Radiography program:* 1115 hours and 41 weeks

*Surgical Technology program:* 1450 hours and 44 weeks

For Title IV, HEA payments the student must meet both clock hours and weeks of instruction as well as complying with all standards for Satisfactory Academic Progress before they can receive further Title IV, HEA payments.

**Evaluation Payment Periods**
Student compliance with the policy for Satisfactory Academic Progress is divided into evaluation periods and is assessed at each of the following times:

*Registered Nurse program* (1994 clock hours), a student will be evaluated at the increments in which the student is scheduled to reach 499/19, 997/38, 1496/57, and 1994/76 (clock hours/weeks of instruction).

*Radiography program* (2229 clock hours), a student will be evaluated at the increments at which the student is scheduled to reach 558/19, 1116/38, 1674/57, and 2229/75 (clock hours/weeks of instruction).
Surgical Technology program (1450 clock hours), a student will be evaluated at the increments at which the student is scheduled to reach 725/22, and 1450/44 (clock hours/weeks of instruction).

Financial Aid Warning
CSNAH evaluates Satisfactory Academic Progress at the end of each payment period. In the event a student falls below a “C” or is not completing the required clock hours to keep pace with the requirements for graduation within the minimum 150% timeframe the student will be dismissed from the program. If the student is reaccepted back into the program the student will be placed on Financial Aid Warning for one payment period and will be required to repeat the coursework and follow an individualized academic improvement plan.

A student who is placed on Financial Aid Warning can continue to receive Title IV, HEA Aid for the next payment period. The status will be conferred automatically without the student appealing their Satisfactory Academic progress status. If SAP is not met at the end of the Financial Aid Warning Period, the student will lose Title IV, HEA eligibility; and will be dismissed from the program with no appeal.

Appeal Process
Covenant Schools of Nursing and Surgical Technology will dismiss a student that has failed a course with the option to reapply or appeal. If the student is reaccepted into the program, the student is eligible for Title IV, HEA funds to repeat that payment period only. Upon a second failure the student is dismissed without appeal. (School of Radiography does not readmit a student after failure)

Academic Improvement Plan
All students that fail a course and that are readmitted into the program will be required to meet the expectations of a personalized Academic Improvement Plan and will be placed on Financial Aid Warning. Please refer to each program of study for specific academic improvement plans.

Failure to agree and/or comply with the requirements will result in the student being ineligible to be awarded financial aid.

Financial Aid Probation
Covenant School of Nursing and Allied Health does not have Financial Aid Probation for Title IV, HEA programs.

Returning Student from Leave of Absence or Withdrawal
All students, who have withdrawn and received readmission or taken a leave of absence and have returned to the program, will be required to adhere to the current Satisfactory Academic Progress policy at the time of re-entry. However, the student will also return in the same SAP status that they had when they left. Example: If the student was not making SAP and was on a warning, they would return in the same status.

Noncredit and Remedial Courses
Noncredit and remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory progress standards.
School Terms for Loans

The school’s primary responsibilities in the loan application process are to ensure the completeness and accuracy of the MPN based on information it has available.

For all Federal Direct Loan Program applications, the school must:

- Confirm the student and parent meet the definition of eligible borrower, student’s independency status for PLUS, check student’s financial aid history, document the student’s COA, EFC and estimated Financial Aid in the student’s file.
- Determine the student’s enrollment status and SAP.
- Review NSLDS information on ISIR to ensure the student is not in default on any FSA loan and does not owe a refund.
- Ensure the amount of the loan in combination with other aid will not exceed the student’s financial need or the annual or aggregate loan limit.

For all Federal Direct Stafford Loans, the school must also:

- Determine the student’s Pell grant eligibility and if eligible include the grant in the student’s aid package.
- For an Unsubsidized Stafford loan, first determine the student’s eligibility for a Subsidized Stafford loan
- Prorate Stafford loans for programs of study that are shorter than an academic year and for programs in which the remaining period of study is less than an academic year in length
- Ensure that the loan disbursement dates meet the cash management and disbursement requirements for Stafford loans.

Sample Loan Repayment Schedule

You have a choice of several repayment plans that are designed to meet your needs. The amount you pay and the length of time to repay your loans will vary depending on the repayment plan you choose. The student’s loan servicer will determine eligibility for the repayment plans the borrower qualifies to participate in. Below is an example of an estimated standard repayment plan:

| Average loan balance for a 2 year Private, Not-for-Profit Institution | $13,356 |
| Average Interest Rate | 3.9% |
| Repayment period | 10 years |
| Single | Single |
| Adjusted Growth Income | $40,000/year |
| Family Size | 1 |
| Standard 120 months repayment plan | $135/month |
| Total: $16,151 |

To get an early look at which plans you may be eligible for and see estimates for how much you would pay monthly and overall, use the Department of Education Repayment Estimator.
Necessity for Repaying Loans

Remember, federal student loans are real loans, just like car loans and mortgages. You must repay a student loan even if your financial circumstances become difficult. Payments will be made to your loan servicer. Each servicer has its own payment process so check with your servicer if you aren’t sure how or when to make a payment. You are responsible for staying in touch with your servicer and making your payments, even if you do not receive a bill.

The U.S. Department of Education uses several loan servicers to handle the billing and other services on loans. Learn about loan servicers and how to determine who your loan servicer is.

Deferment and Forbearance

Deferment and forbearance offer a way for you to temporarily postpone or lower your loan payments while you’re back in school, in the military, experiencing financial hardship or in certain other situations. Find out more about deferment and forbearance.

Understanding Default

Never ignore delinquency or default notices from your loan servicer. If you don’t make your monthly loan payment, you will become delinquent on your student loan and risk going into default. Contact your servicer immediately if you are having trouble making payments or won’t be able to pay on time. Learn about federal student loan default; find out what may happen if you default, what steps to take to keep your loan from going into default and what your options are for getting out of default.

To get all the information you need to manage repayment of student loans go to http://studentaid.ed.gov/repay-loans.

Study Abroad

CSNAH does not participate in any programs which are approved for study abroad.

Terms and Conditions of Employment: Part of Financial Aid Package

CSNAH does not employ any students who are currently receiving financial aid and are attending the schools programs.

Exit Counseling for Student Borrowers

When a student ceases enrollment, CSNAH Financial Aid Officer will direct the student to the following link (http://nslds.ed.gov) to complete the exit counseling process. A copy of the confirmation of completion must be given to the Financial Aid Officer prior to leaving.

National Student Loan Data System

The National Student Loan Data System (NSLDS) is the U.S. Department of Education’s central database for student aid. NSLDS receives data from schools, guaranty agencies, the Direct Loan program and other Department of Education programs. NSLDS Student Access provides
a centralized integrated view of Title IV, HEA loans and grants so that recipients of Title IV funds can access and inquire about their funds. The website is located at www.nslds.ed.gov.

Section 4: General Institutional Information
Privacy of Student Records – Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

Once a student reaches 18 years of age or attends a postsecondary institution, he or she becomes an "eligible student," and all rights formerly given to parents under FERPA transfer to the student. The eligible student has the right to have access to his or her education records, the right to seek to have the records amended, the right to have control over the disclosure of personally identifiable information from the records (except in certain circumstances specified in the FERPA regulations, some of which are discussed below), and the right to file a complaint with the Department.

FERPA generally prohibits the improper disclosure of personally identifiable information derived from education records. Thus, information that an official obtained through personal knowledge or observation, or has heard orally from others, is not protected under FERPA. This remains applicable even if education records exist which contain that information, unless the official had an official role in making a determination that generated a protected education record.

Under FERPA, a school is not generally required to maintain particular education records or education records that contain specific information. Rather, a school is required to provide certain privacy protections for those education records that it does maintain. Also, unless there is an outstanding request by an eligible student to inspect and review education records, FERPA permits the school to destroy such records without notice to the student. For more information please view the website at the link below or click to open the 34 CFR part 99.

General FERPA Guide:
http://www2.ed.gov/policy/gen/guid/fpco/ferpa/students.html

FERPA Regulations by the Code of Federal Regulations (CFR):

CSNAH Definition and Terms
Student: A student is a person who has been admitted and is registered when classes are in session, regardless of the person's age.

School Official: someone employed by CSNAH in an administrative, supervisory, academic, research, internship, volunteer or support staff position; or a person employed by or under contract to the School to perform a special task, such as an attorney, auditor or collection agency.

Legitimate Educational Interest: An individual must demonstrate a need to know by those officials of an institution who act in the student’s educational interest, including faculty, administration, student employees, clerical and professional employees, and other persons who manage student records information. Any school official who needs information about a student
in the course of performing instructional, supervisory, advisory, or administrative duties for CSNAH has a legitimate educational interest.

*Education Record:* Any record maintained by CSNAH that is personally identifiable to a student in any way except in a few very specifically defined circumstances. These specific circumstances are included within this section of the handbook or in §99.31 of the FERPA regulations.

*Directory Information:* Directory information is considered to be public information unless you request that it be kept confidential. Directory Information includes:

- Name
- Address
- Phone Number
- Email Address
- Date of Birth
- Dates of Attendance

**Access and Amendment to Education Records**

**Access to Education Records**
Under FERPA, a school must provide an eligible student with an opportunity to inspect and review his or her education records within 45 days following its receipt of a request. A school is required to provide an eligible student with copies of education records, or make other arrangements, if a failure to do so would effectively prevent the student from obtaining access to the records. A case in point would be a situation in which the student does not live within commuting distance of the school.

Under FERPA, a school is not required to provide information that is not maintained or to create education records in response to an eligible student's request. Accordingly, a school is not required to provide an eligible student with updates on his or her progress in a course (including grade reports) or in school unless such information already exists in the form of an education record.

**Amendment of Education Records**
Under FERPA, an eligible student has the right to request that inaccurate or misleading information in his or her education records be amended. While a school is not required to amend education records in accordance with an eligible student's request, the school is required to consider the request. If the school decides not to amend a record in accordance with an eligible student's request, the school must inform the student of his or her right to a hearing on the matter. If, as a result of the hearing, the school still decides not to amend the record, the eligible student has the right to insert a statement in the record setting forth his or her views. That statement must remain with the contested part of the eligible student's record for as long as the record is maintained.

However, while the FERPA amendment procedure may be used to challenge facts that are inaccurately recorded, it may not be used to challenge a grade, an opinion, or a substantive decision made by a school about an eligible student. FERPA was intended to require only that schools conform to fair recordkeeping practices and not to override the accepted standards and procedures for making academic assessments, disciplinary rulings, or placement.
Determinations. Thus, while FERPA affords eligible students the right to seek to amend education records which contain inaccurate information, this right cannot be used to challenge a grade or an individual’s opinion, or a substantive decision made by a school about a student. Additionally, if FERPA’s amendment procedures are not applicable to an eligible student’s request for amendment of education records, the school is not required under FERPA to hold a hearing on the matter.

Disclosure of Education Records
Under FERPA, a school may not generally disclose personally identifiable information from an eligible student’s education records to a third party unless the eligible student has provided written consent. However, there are a number of exceptions to FERPA’s prohibition against non-consensual disclosure of personally identifiable information from education records. Under these exceptions, schools are permitted to disclose personally identifiable information from education records without consent, though they are not required to do so. Following is general information regarding some of these exceptions.

Exceptions
One of the exceptions to the prior written consent requirement in FERPA allows school officials within the school to obtain access to personally identifiable information contained in education records provided the school has determined that they have “legitimate educational interest” in the information.

FERPA also permits a school to disclose personally identifiable information from education records without consent when the disclosure is in connection with financial aid for which the student has applied, or which the student has received, if the information is necessary for such purposes as to: determine the eligibility for the aid; determine the amount of the aid; determine the conditions for the aid; and/or enforce the terms and conditions of the aid. With respect to this exception, the term “financial aid” means payment of funds provided to an individual (or payment in kind of tangible or intangible property to the individual) that is conditioned on the individual’s attendance at a school.

Postsecondary institutions may also disclose personally identifiable information from education records, without consent, to appropriate parties, including parents of an eligible student, in connection with a health or safety emergency. Under this provision, colleges and universities may notify parents when there is a health or safety emergency involving their son or daughter, even if the parents do not claim the student as a dependent.

FERPA also permits a school to disclose personally identifiable information from education records without consent when the disclosure is to the parents of a student at a postsecondary institution regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the institution, governing the use or possession of alcohol or a controlled substance. The school may non-consensually disclose information under this exception if the school determines that the student has committed a disciplinary violation with respect to that use or possession and the student is under 21 years of age at the time of the disclosure to the parent.

Another exception permits a school to non-consensually disclose personally identifiable information from a student’s education records when such information has been appropriately designated as directory information. A school may disclose directory information without consent if it has given public notice of the types of information it has designated as directory information, the eligible student’s right to restrict the disclosure of such information, and the
period of time within which an eligible student has to notify the school that he or she does not want any or all of those types of information designated as directory information.

There are several other exceptions to FERPA’s prohibition against non-consensual disclosure of personally identifiable information from education records, some of which are briefly mentioned below. Under certain conditions (specified in the FERPA regulations), a school may non-consensually disclose personally identifiable information from education records:

- to authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the U.S. Secretary of Education, and State and local educational authorities for audit or evaluation of Federal or State supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs;
- to organizations conducting studies for or on behalf of the school making the disclosure for the purposes of administering predictive tests, administering student aid programs, or improving instruction;
- to comply with a judicial order or a lawfully issued subpoena;
- to the victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense concerning the final results of a disciplinary hearing with respect to the alleged crime; and
- to any third party the final results of a disciplinary proceeding related to a crime of violence or non-forcible sex offense if the student who is the alleged perpetrator is found to have violated the school’s rules or policies. The disclosure of the final results only includes: the name of the alleged perpetrator, the violation committed, and any sanction imposed against the alleged perpetrator. The disclosure must not include the name of any other student, including a victim or witness, without the written consent of that other student.

As stated above, conditions specified in the FERPA regulations at 34 CFR § 99.31 have to be met before a school may non-consensually disclose personally identifiable information from education records in connection with any of the exceptions mentioned above.

**Law Enforcement Units and Law Enforcement Unit Records**

A “law enforcement unit” means any individual, office, department, division or other component of a school, such as a unit of commissioned police officers or non-commissioned security guards, that is officially authorized or designated by the school to: enforce any local, State, or Federal law, or refer to appropriate authorities a matter for enforcement of any law against any individual or organization; or to maintain the physical security and safety of the school. The law enforcement unit does not lose its status as a law enforcement unit if it also performs other, non-law enforcement functions for the school, including investigation of incidents or conduct that constitutes or leads to a disciplinary proceeding against a student.

“Law enforcement unit records” (i.e., records created by the law enforcement unit, created for a law enforcement purpose, and maintained by the law enforcement unit) are not “education records” subject to the privacy protections of FERPA. As such, the law enforcement unit may refuse to provide an eligible student with an opportunity to inspect and review law enforcement unit records, and it may disclose law enforcement unit records to third parties without the eligible

Covenant School of Nursing and Allied Health
student's prior written consent. However, education records, or personally identifiable information from education records, which the school shares with the law enforcement unit do not lose their protected status as education records because they are shared with the law enforcement unit.

**Annual Notification of Rights under FERPA**

CSNAH complies with the Family Educational Rights and Privacy Act (FERPA) to afford eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

- **The right to inspect and review the student's education records within 45 days after the day the [Name of postsecondary institution (“School”)] receives a request for access.** A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

- **The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.** A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- **The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.** The school discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by CSNAH in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of CSNAH who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for CSNAH.

Covenant School of Nursing and Allied Health
• The right to file a complaint with the U.S. Department of Education concerning alleged failures by CSNAH to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:
  • Family Policy Compliance Office
  • U.S. Department of Education
  • 400 Maryland Avenue, SW
  • Washington, DC 20202

Directory Information
Directory information is considered to be public information unless you request that it be kept confidential. Students may opt to not include their information with the Directory Info on the Letter of Agreement signed at orientation. Directory Information includes:
  
  Name  
  Address  
  Phone Number  
  Email Address  
  Date of Birth  
  Dates of Attendance

Students may request to change his/her status through the Business Office Coordinator at 806-725-8901 (must present a copy of your new Social Security Card).

*Note: Neither the School of Radiography nor the School of Surgical Technology post directory information.

Disclosure of Information without Student Consent
FERPA permits the disclosure of PII from students’ education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student:

• To other school officials, including teachers, within CSNAH whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))

• To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student’s enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))

• To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university’s State-supported education programs. Disclosures under this provision may

Covenant School of Nursing and Allied Health
be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))

- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))

- To accrediting organizations to carry out their accrediting functions. (§§99.31(a)(7))

- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))

- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))

- To appropriate parties, including parents, in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))

- Information the school has designated as “directory information” under §99.37. (§99.31(a)(11))

- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(a)(13))

- To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school’s rules or policies with respect to the allegation made against him or her. (§99.31(a)(14))

- To parents of a student regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

**Complaints of Alleged Failures to Comply with FERPA**

**Complaint Regarding Access**

If an eligible student believes that a school has failed to comply with his or her request for access to education records, the student may complete a FERPA complaint form and should include the following specific information: the date of the request for access to the education records; the name of the school official to whom the request was made (a dated copy of any
written request to the school should be provided, if possible); the response of the school official, if any; and the specific nature of the information requested.

**Complaint Regarding Amendment**

If an eligible student believes that a school has failed to comply with his or her request for amendment of inaccurate information in education records or failed to offer the student an opportunity for a hearing on the matter, the student may complete a FERPA complaint form and should include the following specific information: the date of the request for amendment of the education records; the name of the school official to whom the request was made (a dated copy of any written request to the school should be provided, if possible); the response of the school official, if any; the specific nature of the inaccurate information for which amendment was requested; and evidence provided to the school to support the assertion that such information is inaccurate.

**Complaint Regarding Disclosure**

If an eligible student believes that a school has improperly disclosed personally identifiable information from his or her education records to a third party, the student may complete a FERPA complaint form and should include the following specific information: the date or approximate date the alleged disclosure occurred or the date the student learned of the disclosure; the name of the school official who made the disclosure, if that is known; the third party to whom the disclosure was made; and the specific nature of the education records disclosed.

This guidance document is designed to provide eligible students with some general information regarding FERPA and their rights, and to address some of the basic questions most frequently asked by eligible students. You can review the FERPA regulations, frequently asked questions, significant opinions of the Office, and other information regarding FERPA at our Website as follows:

If, after reading this guidance document, you have questions regarding FERPA which are not addressed here, you may write to the Office at the following address:

Family Policy Compliance Office
U.S. Department of Education 400 Maryland Avenue
SW Washington, DC 20202-8520

**Record Keeping Process and Documents Kept in Student Record and How long Records Kept**

Under FERPA, a school is not generally required to maintain particular education records or education records that contain specific information. Rather, a school is required to provide certain privacy protections for those education records that it does maintain. Also, unless there is an outstanding request by an eligible student to inspect and review education records, FERPA permits the school to destroy such records without notice to the student.

CSNAH is committed to keeping consistent and accurate records on all students, including alumni, current students and withdrawn students, while following Family Educational Rights and

Covenant School of Nursing and Allied Health
Privacy Act (FERPA). CSNAH is required to establish and maintain, on a current basis, any application for Title IV, Higher Education Act (HEA) program funds and program records that document the following: it’s eligibility to participate in the Title IV, HEA programs, the eligibility of its education programs for Title IV HEA program funds, its administration of the Title IV, HEA programs in accordance with all applicable requirements, it’s financial responsibility, information included in any application for Title IV, HEA program funds and it’s disbursement and delivery of Title IV, HEA program funds. The records that an institution must maintain in order to comply with the provisions of this section include, but are not limited to the following: SAR or ISIR, application data, eligibility data, information regarding receipt of funds, counseling sessions, reports and forms and graduation rates data. CSNAH will cooperate with any independent auditor, the Secretary, the Department of Education’s Inspector General, the Comptroller General of the United States, or their authorized representatives, a guaranty agency, and CSNAH’s accrediting agencies, in conduct of audits, investigations, program reviews, or other reviews authorized by law.

CSNAH retains financial aid records for five years from the end of the award year. This is in compliance with the Department of Education’s requirement of three years from the end of the award year.

For more information regarding FERPA rights:

**Consumer Information of College Navigator Website (IPEDS)**

The Integrated Postsecondary Education Data System, often abbreviated IPEDS, is the core postsecondary education data collection program for the National Center for Education Statistics, a part of the Institute for Education Sciences within the United States Department of Education. IPEDS consists of nine interrelated survey components that are collected over three collection periods (Fall, Winter, and Spring) each year. The completion of all IPEDS surveys is mandatory for all institutions that participate in or are applicants for participation in any federal financial assistance program authorized by Title IV of the Higher Education Act of 1965.

To assist students in making informed decisions about a school, The U.S. Department of Education is required to post 26 items on the College Navigator website for each institution, including a link to the institution’s website that provides “in an easily accessible manner”

- Student activities offered by the institution
- Services offered by the institution for individuals with disabilities
- Career and placement services offered to students during and after enrollment
- Policies of the institution related to transfer of credit from other institutions.

These items can be accessed at [www.nces.ed.gov](http://www.nces.ed.gov). Select the location you wish to review then select the enrollment to review the diversity of the campus.
Facilities and Services Available to Students with Disabilities

No individual with a disability will be excluded from applying to CSNAH programs of study. CSNAH will exert its best effort to provide any reasonable request for accommodations. Students requesting accommodations or other support services should notify the Dean/Director for the program in which they are applying. Further details regarding physical requirements can be found within the details of each program of study.

Student Body Diversity

Schools must make available to current and prospective students information about student body diversity, including the percentage of enrolled, full-time students in the following categories:

- Male
- Female
- Self-identified members of a major racial or ethnic group
- Federal Pell Grant recipients

These items can be accessed at [www.nces.ed.gov](http://www.nces.ed.gov). Click on “Popular Topics” bar and scroll down to click on IPEDS. Click on “College Navigator”, enter Covenant School of Nursing and Allied Health, click on enrollment to view the selected tabs for information such as diversity, financial aid, general information, etc.

Price of Attendance

The cost of attendance (COA) is an estimate of what it costs the typical student to attend one of the programs at CSNAH. The details for COA are located under each individual program of study offered by CSNAH.

Net Price Calculator

The net price is defined as the cost of attendance minus the average yearly grant and scholarship aid. The calculator provides estimated net price information to current and prospective students and should be based, as much as possible, on their individual circumstances. You can access the Net Price Calculator for CSNAH at [http://cson.covenanthealth.org](http://cson.covenanthealth.org)
Institutional Refund Policy Requirements

**Schools of Nursing and Radiography**
Students who officially withdraw voluntarily or at the schools request must complete the official withdrawal procedure. Students may be eligible to receive a refund of tuition. The school retains 5% of the applicable tuition for an administrative fee or $100.00. The amount of any refund depends upon when the student withdraws; however, students are required to pay a percentage of the total bill for the period of enrollment. The amount of refund due a student will be the amount paid in excess of the percentage amount due. If the student has paid less than the percentage due, the student will be required to pay the school the balance of that amount.

**Refund Schedule**

<table>
<thead>
<tr>
<th>Student withdraws after completing:</th>
<th>Refund Due:</th>
<th>CSNAH Retains</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to first class day</td>
<td>100%</td>

</tbody>
</table>

Past due balances will be referred to credit bureaus. Unpaid account balances are subject to collection costs and attorney fees at student's expense.

**School of Surgical Technology Refund Policy**
The School of Surgical Technology follows the specific requirements set forth by the Texas Workforce Commission for institutional refunds. Refund computations will be based on scheduled course time of class attendance through the last date of attendance. Leaves of absence, suspensions, and school holidays will not be counted as part of the scheduled class attendance.

The effective date of termination for refund purposes will be the earliest of the following:
- The last date of attendance, if the student is terminated from the school
- The date of receipt of written notice from the student
- Ten school days following the last date of attendance

If tuition and fees are collected in advance of entrance, and if after the expiration of the 72 hour cancellation privilege the student does not enter school, not more than $100 in any administrative fees charged shall be retained by the school for the entire residence program or synchronous distance education course.
If a student enters a residence or synchronous distance education program and withdraws or is otherwise terminated after the cancellation period, the school or college may retain not more than $100 in any administrative fees charged for the entire program. The minimum refund of the remaining tuition and fees will be the pro rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the student has been charged, except that a student may not collect a refund if the student has completed 75% or more of the total number of hours in the portion of the program for which the student has been charged on the effective date of termination.

Refunds for items of extra expense to the student such as books, tools, or other supplies are to be handled separately from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies, books, and tools until such time as these materials are required. Once these materials are purchased, no refund will be made. For full refunds, the school can withhold cost for these types of items from the refund as long as they were necessary for the portion of the program attended and separately stated in the enrollment agreement. Any such items not required for the portion of the program attended must be included in the refund.

A student who withdraws for a reason unrelated to the student’s academic status after the 75% completion mark and requests a grade at the time of withdrawal shall be given a grade of “incomplete” and permitted to re-enroll in the course or program during the 12 month period following the date the student withdrew without payment of additional tuition for that portion of the course or program.

A full refund of all tuition and fees is due and refundable in each of the following cases:
- An enrollee is not accepted by the school
- If the course of instruction is discontinued by the school and this prevents the student from completing the course
- If the student’s enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or representations by the owner or representatives of the school.

A full or partial refund may also be due in other circumstances of program deficiencies or violations of requirements for career schools and colleges.

Students who withdraw voluntarily or at Covenant School of Surgical Technology’s request must complete the official withdrawal procedure which includes a written letter of withdrawal, completion of the Exit Interview Form, and the return of hospital issued scrubs. (if applicable)

The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s), within 60 days after the effective date of termination.

**Surgical Technology Refund Policy For Students Called to Active Military Service:**
A student of the school or college who withdraws from the school or college as a result of the student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled:
• If tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal.

• A grade of incomplete with the designation of “withdrawn military” for the courses in the program, other than courses for which the student has previously received a grade on the student’s transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program.

• The assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determine that the student has:
  • Satisfactorily completed at least 90% of the required coursework for the program; and
  • Demonstrated sufficient mastery of the program material to receive credit for completing the program.
CSNAH Return of Title IV, HEA Financial Aid Policy

When you apply for financial aid, you sign a statement that you will use the funds for educational purposes only. Therefore, if you withdraw before completing your program, a portion of the funds you received may have to be returned. COVENANT SCHOOL OF NURSING AND ALLIED HEALTH (CSNAH) will calculate the amount of tuition to be returned to the Title IV, HEA Federal fund programs according to the policies listed below.

“Official” Withdrawal
A student is considered to be “Officially” withdrawn on the date the student notifies the School Coordinator and/or School Director/Dean in writing or orally of their intent to withdraw. The date of the termination for return and refund purposes will be the earliest of the following for official withdrawal:

- Date student provided official notification of intent to withdraw, in writing or orally.
- The date the student began the withdrawal from CSNAH records. A student is allowed to rescind his notification in writing and continue the program. If the student subsequently drops, the student’s withdrawal date is the original date of notification of intent to withdraw.

Upon receipt of the official withdrawal information, CSNAH will complete the following:

- Determine the student’s last date of attendance as of the last recorded date of academic attendance on the school’s attendance record;
- Two calculations are performed:
  - The students ledger sheet and attendance record are reviewed to determine the calculation of Return of Title IV, HEA funds the student has earned, and if any, the amount of Title IV funds for which the school is responsible. Returns made to the Federal Funds Account are calculated using the Department’s Return of Title IV, HEA Funds Worksheets, scheduled attendance and are based upon the payment period.
  - Calculate the school’s refund requirement (see school refund calculation)
  - The student’s grade record will be updated to reflect his/her final grade.
- CSNAH will return the amount for any unearned portion of the Title IV, HEA funds for which the school is responsible within 45 days of the date the official notice was provided.
- The Financial Aid Officer will provide the student with a letter explaining the Title IV, HEA requirements:
  - The amount of Title IV assistance the student has earned. This amount is based upon the length of time the student was enrolled in the program based on scheduled attendance and the amount of funds the student received.
  - Any returns that will be made to the Title IV, HEA Federal program on the student’s behalf as a result of exiting the program. If a student’s scheduled attendance is more than 60% of the payment period, he/she is considered to have earned 100% of the Federal funds received for the payment period. In this case, no funds need to be returned to the Federal funds.
- Advise the student of the amount of unearned Federal funds and tuition and fees that the student must return, if applicable.
- Supply the student with ledger sheet noting outstanding balance due to the school and the available methods of payment. A copy of the completed worksheet, check, letter and final ledger sheet will be kept in the student’s file.

In the event a student decides to rescind his or her official notification to withdraw, the student must provide a signed and dated written statement that he/she is continuing his or her program of study, and intends to complete the payment period. Title IV, HEA assistance will continue as originally planned. If the student subsequently fails to attend or ceases attendance without completing the payment period, the student’s withdrawal date is the original date of notification of intent to withdraw.

"Unofficial" Withdrawal
In the event that the school unofficially withdraws a student from school, the School Coordinator and/or Dean/Director must complete the Exit Interview Form using the last date of attendance as the drop date.

Any student that does not provide official notification of his or her intent to withdraw and is absent for more than 5 consecutive calendar days, fails to maintain satisfactory academic progress, fails to comply with the school’s attendance and/or conduct policy, does not meet financial obligations to the school, or violates conditions mentioned in the CSNAH contractual agreement, will be subject to termination and considered to have unofficially withdrawn. Within one week of the student’s last date of academic attendance, the following procedures will take place:
- The Coordinator and/or Dean/Director will make three attempts to notify the student regarding his or her enrollment status;
- Determine and record the student’s last date of attendance as the last recorded date of academic attendance on the attendance record;
- The student’s withdrawal date is determined as the date the day after 5 consecutive calendar days of absence;
- Notify the student in writing of their failure to contact the school and attendance status resulting in the current termination of enrollment;
- CSNAH Financial Aid Officer calculates the amount of Federal funds the student has earned, and, if any, the amount of Federal funds for which the school is responsible.
- Calculate the school’s refund requirement (see school refund calculation);
- CSNAH Financial Aid Officer will return to the Federal fund programs any unearned portion of Title IV funds for which the school is responsible within 45 days of the date the withdrawal determination was made, and record on student's ledger sheet.
- If applicable, CSNAH will provide the student with a refund letter explaining Title IV requirements:
- The amount of Title IV aid the student has earned based upon the length of time the student was enrolled and scheduled to attend in the program and the amount of aid the student received.
• Advise the student in writing of the amount of unearned Title IV aid and tuition and fees that he/she must return, if applicable.
• Supply the student with a final student ledger card showing outstanding balance due to the school and the available methods of payment.
• A copy of the completed worksheet, check, letter, and final ledger sheet will be kept in the student's file.

Return to Title IV Funds Policy
This policy applies to students' who withdraw official, unofficially or fail to return from a leave of absence or dismissed from enrollment at CSNAH. It is separate and distinct from the CSNAH refund policy. (Refer to institutional refund policy)

The calculated amount of the Return of Title IV, HEA (R2T4) funds that are required for the students affected by this policy, are determined according to the following definitions and procedures as prescribed by regulations.

The amount of Title IV, HEA aid earned is based on the amount of time a student spent in academic attendance, and the total aid received; it has no relationship to student's incurred institutional charges. Because these requirements deal only with Title IV, HEA funds, the order of return of unearned funds do not include funds from sources other than the Title IV, HEA programs.

Title IV, HEA funds are awarded to the student under the assumption that he/she will attend school for the entire period for which the aid is awarded. When student withdraws, he/she may no longer be eligible for the full amount of Title IV, HEA funds that were originally scheduled to be received. Therefore, the amount of Federal funds earned must be determined. If the amount disbursed is greater than the amount earned, unearned funds must be returned.

The institution has 45 days from the date that the institution determines that the student withdrew to return all unearned funds for which it is responsible. The school is required to notify the student if they owe a repayment via written notice.

The school must advise the student or parent that they have 14 calendar days from the date that the school sent the notification to accept a post withdraw disbursement. If a response is not received from the student or parent within the allowed time frame or the student declines the funds, the school will return any earned funds that the school is holding to the Title IV, HEA programs.

Post-withdraw disbursements will occur within 90 days of the date that the student withdrew.

Withdrawal Before 60%
The institution must perform a R2T4 to determine the amount of earned aid through the 60% point in each payment period or period of enrollment. The institution will use the Department of Education’s prorate schedule to determine the amount of the R2T4 funds the student has earned at the time of withdraw.

Withdrawal After 60%
After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV, HEA funds he or she was scheduled to receive during this period. The institution must still perform a R2T4 to determine the amount of aid that the student has earned.
CSNAH measures progress in Clock Hours, and uses the payment period for the period of calculation.

**The Calculation Formula**

Determine the amount of Title IV, HEA aid that was disbursed plus Title IV, HEA aid that could have been disbursed.

Calculate the percentage of Title IV, HEA aid earned:
- Divide the number of clock hours scheduled to be completed in the payment period as of the last date of attendance in the payment period by the total clock hours in the payment period.

\[
\text{HOURS SCHEDULED TO COMPLETE} \div \text{TOTAL HOURS IN PERIOD} = \% \text{ EARNED}
\]

- If this percentage is greater than 60%, the student earns 100%.
- If this percent is less than or equal to 60%, proceed with calculation.
- Percentage earned from \( \text{(multiplied by)} \) Total aid disbursed, or could have been disbursed \( \times \) AMOUNT STUDENT EARNED.
- Subtract the Title IV aid earned from the total disbursed \( \times \) AMOUNT TO BE RETURNED.
- \( 100\% \) minus percent earned \( \times \) UNEARNED PERCENT
- Unearned percent \( \times \) total institutional charges for the period \( = \) AMOUNT DUE FROM THE SCHOOL.

If the percent of Title IV, HEA aid disbursed is greater than the percent unearned \( \times \) institutional charges for the period, the amount disbursed will be used in place of the percent unearned.

If the percent unearned \( \times \) institutional charges for the period are less than the amount due from the school, the student must return or repay one-half of the remaining unearned Federal Pell Grant.

Student is not required to return the overpayment if this amount is equal to or less than 50% of the total grant assistance that was disbursed \( \text{or could have been disbursed} \). The student is also not required to return an overpayment if the amount is $50 or less.

CSNAH will issue a grant overpayment notice to the student within 30 days from the date the school determined the student withdrew, giving the student 45 days to either repay the overpayment in full to CSNAH or sign a repayment agreement with the U.S. Department of Education.

**Order of Return**

CSNAH is authorized to return any excess funds after applying them to current outstanding Cost of Attendance (COA) charges. A copy of the Institutional R2T4 work sheet performed on your behalf is available through the financial aid office upon student request.

In accordance with Federal regulations, when Title IV, HEA financial aid is involved, the calculated amount of the R2T4 Funds is allocated in the following order:
- Unsubsidized Direct Stafford loans (other than PLUS loans)
- Subsidized Direct Stafford loans
- Direct PLUS loans
- Federal Pell Grants for which a Return is required
- Iraq and Afghanistan Service Grant for which a Return is required
- Federal Supplemental Educational Opportunity Grant
- Other Title IV, HEA assistance
- State Tuition Assistance Grants (if applicable)
- Private and institutional aid
- The Student

**Earned Aid**
Title IV, HEA aid is earned in a prorated manner on a per diem basis (calendar days or clock hours) up to the 60% point in the instructional module. Title IV, HEA aid is viewed as 100% earned after that point in time. A copy of the worksheet used for this calculation can be requested from the financial aid director.

**Post Withdrawal**
If you did not receive all of the funds that you have earned, you may be due a post-withdrawal disbursement. CSNAH may use a portion or all of your post-withdrawal disbursement for tuition and fees (as contracted with CSNAH). For all other school charges, CSNAH needs your permission to use the post-withdrawal disbursement. If you do not give permission, you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school. The post-withdrawal disbursement must be applied to outstanding institutional charges before being paid directly to the student.

**Time Frame for Returning an Unclaimed Title IV, HEA Credit Balance**
If a school attempts to disburse the credit balance by check and the check is not cashed, the school must return the funds no later than 240 days after the date the school issued the check.

If a check is returned to a school or an EFT is rejected, the school may make additional attempts to disburse the funds, provided that those attempts are made not later than 45 days after the funds were returned or rejected. When a check is returned or EFT is rejected and the school does not make another attempt to disburse the funds, the funds must be returned before the end of the initial 45-day period.

The school must cease all attempts to disburse the funds and return them no later than 240 days after the date it issued the first check.

**Institution Responsibilities**
CSNAH responsibilities in regards to Title IV, HEA funds are as follows:
- Providing students information with information in this policy;
- Identifying students who are affected by this policy and completing the return of Title IV funds calculation for those students;
- Returning any Title IV, HEA funds due to the correct Title IV programs.
The institution is not always required to return all of the excess funds; there are situations once the R2T4 calculations have been completed in which the student must return the unearned aid.

**Overpayment of Title IV, HEA Funds**

Any amount of unearned grant funds that you must return is called overpayment. The amount of grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangement with CSNAH or Department of Education to return the amount of unearned grant funds.

**Student Responsibilities in Regards to Return of Title IV, HEA Funds**

- Returning to the Title IV, HEA programs any funds that were dispersed to the student in which the student was determined to be ineligible for via the R2T4 calculation.
- Any notification of withdraw should be in writing and addressed to the appropriate institutional official.
- A student may rescind his or her notification of intent to withdraw. Submissions of intent to rescind a withdraw notice must be filed in writing.
- Either these notifications, to withdraw or rescind to withdraw must be made to the official records/registration personal at your school.

**Refund vs. Return to Title IV**

The requirements for the Title IV, HEA program funds when you withdraw are separate from any refund policy that CSNAH may have to return to you due to a cash credit balance. Therefore, you may still owe funds to the school to cover unpaid institutional charges. CSNAH may also charge you for any Title IV, HEA program funds that they were required to return on your behalf. If you do not already know what CSNAH refund policy is, you may ask the Financial Aid Officer for a copy.

**Return to Title IV Questions**

If you have questions regarding Title IV, HEA program funds after visiting with your financial aid officer, you may call the Federal Student Aid Information Center at 1-800-4-fedaid (800-433-3243). TTY users may call 800-730-8913. Information is also available on student aid on the web at [www.studentaid.ed.gov](http://www.studentaid.ed.gov).
Textbook Information

CSNAH requirements for books and supplies vary with each program type. Please refer to each program of study for the details regarding textbooks.

Attendance

Specific attendance requirements for each program of study are outlined in the program procedure and are included in the Student Handbook and course syllabi. To achieve the educational goals of the designated program of study, consistent attendance and punctual arrival for all learning experiences is an expectation. Absences interfere with the student’s ability to achieve course and curriculum outcomes. Absences are documented and reviewed to determine if corrective action is warranted. Students are encouraged to schedule doctor appointments before or after school hours or during scheduled school breaks. Students may refer to the specific program Academic Calendar which includes all designated student breaks and holidays.

Tardy: Students who are not present at the time theory or clinical is scheduled to start will be counted as a tardy. Students with multiple tardies are subject to corrective action. Specific corrective action guidelines for each program of study are outlined in the program procedure and are included in the Student Handbook and course syllabi.

Absence: Students not present in theory or clinical for more than 30 minutes after the theory or clinical experience was scheduled to start will be counted as absent. Students with multiple unexcused absences are subject to corrective action. Specific corrective action guidelines for each program of study are outlined in the program procedure and are included in the Student Handbook and course syllabi.

Absences with Academic Penalty (Unexcused): Unexcused absences will result in hour for hour clinical make-up and include:
- Any absence from a scheduled theory or clinical experience greater than 30 minutes
- Jury Duty
- Absent, No Show
- Exam Absence

Absences without Academic Penalty (Excused): Students are not required to make-up the following excused absences:
- Court Subpoenaed Appearance Not Including Jury Duty
- Student Illness or Injury Confirmed by a Physician/Nurse Practitioner/Physician Assistant
- Approved CSNAH Activity
- Funeral Leave

Other Circumstances Necessitating Student Absence:

Inclement Weather: Inclement weather refers to any weather that could be harmful to student travel. Examples include but are not limited to ice, snow, or floods. In the event of inclement weather, CSNAH will follow Lubbock Independent School District (LISD) policies.
- If LISD delays school, CSNAH will delay classes for the same amount of time as LISD.
• If LISD delays school on a CSNAH clinical day, clinical will be canceled for the day and will be made up hour for hour at the conclusion of the instructional module on the scheduled clinical weather day.
• If LISD cancels school, CSNAH will cancel classes and clinicals for the day. All canceled classes and clinicals will be made up hour for hour on the scheduled clinical weather day at the conclusion of the instructional module.

The student can determine LISD weather protocol by watching the news the day before or the day of inclement weather. The course facilitator/program director of each instructional module will also notify students of the procedure to follow the day inclement weather occurs via Everbridge (Emergency Communication System).

**Leave of Absence:** A leave of absence (LOA) is a temporary interruption in a student’s education and must be approved by the designated program official. Examples include maternity leave, unexpected health issues, family emergencies, etc. *(Refer to the specific program Leave of Absence policy/procedure)*

**Note:** At the discretion of the Dean/Director, CSNAH reserves the right to omit the progressive **corrective action** process as some situations may warrant bypassing some or all of the steps outlined in the school’s **Due Process Policy**.
Application Requirements

This policy is used to define the application and enrollment requirements for individuals who wish to enroll at CSNAH programs as a regular student. CSNAH does not discriminate on the basis of race, religion, national origin, sex, age, marital status, or disability. The School of Nursing and Allied Health is an Equal Access/Equal Opportunity School.

General Application Requirements
To be eligible for admission, an applicant must be able to read and write English, and the student must meet the following application requirements:

Application Submission Deadlines
Registered Nursing Program (CSON)
CSON accepts applications for fall and spring classes. Applications are only processed during the designated application period. The application period for fall admission is January 15th - March 15th. The application period for spring admission is July 15th – September 15th.

Radiography Program (CSOR)
CSOR accepts applications year round for classes beginning in the fall. The application deadline for fall admission is March 15th.

Surgical Technology Program (CSST)
CSOST accepts applications year round for classes beginning in the fall. The application deadline for fall admission is April 15th.

Application Materials to Include

Completed online application
All applicants must complete an online application and submit a printed copy with your application. Online applications are available at https://covn.empower-xl.com. If you need assistance with your application please call the school you are applying to for assistance.

Application Fee
An application fee of $50 must be turned in along with your application. The application fee must be paid by check, credit/debit card, or money order. Cash is not accepted for this fee. (Note: The School of Radiography application fee is $25).

Resume/CV
The Resume/CV should include current contact information, educational experience related to healthcare, work experience related to healthcare (listing dates of employment for each), and any volunteer or shadowing experience. Also include any community service hours or special recognition you have earned.

High school diploma or GED verification
Registered Nursing Program
CSON requires an “Official” sealed high school transcript, verified GED or successful completion of an approved home school program

Radiography Program
CSOR requires a copy of high school transcript, verified GED or successful completion of an approved home school program.

**Surgical Technology Program**
CSOST requires an “Official” sealed high school transcript from high school reflecting graduation to be submitted with the Application for Admission. Official transcripts must have an original signature and school seal on them. They must be submitted with all application documentation by the application deadline. It is acceptable to submit a verified GED in place of a high school transcript or successful completion of an approved home school program.

**Official unopened college/university transcript**
“Official” sealed transcripts from all colleges and universities attended to date must be submitted with the Application for Admission. They must be submitted with all application documentation by the application deadline determined by the program. If a student applies before all prerequisites are completed, all final official transcripts that reflect any outstanding course work are due prior to the first day of classes by the date stated in the admission packet.

**Pre-entrance Examination**

**Registered Nursing Program**
CSON utilizes the TEAS V pre-entrance examination as part of the admission process. The exam is offered on several dates during each application period and can be retaken once per instructional module at this testing site. Candidates must score an overall Adjusted Individual Score of 43.5 and complete all four subsections to qualify to apply. The scores are valid for one year and all scores submitted with the application packet must be valid on the last day of the application period. The TEAS registration and payment must be submitted via the online registration. There is a $25.00 fee for “No shows” to take the exam on another date. TEAS study guides are available (while supplies last) for a $25.00 rental fee. Information about the pre-entrance exam is available on the website. Each applicant must pass the pre-entrance examination by the deadline date. More information about this exam can be found online at [http://cson.covenantthehealth.org](http://cson.covenantthehealth.org).

**Radiography Program**
CSOR utilizes the HOBET V pre-entrance examination as part of the admission process. The exam is offered at various times during the year. It is recommended candidates score a 60.00% or higher on the comprehensive score to qualify for enrollment. Other highly recommended scores include: Reading 70.30%, Math 67.90%, Science 47.40%, and English 58.50%. The scores are valid for one year and all scores submitted with the application packet must be valid on the last day of the application period. The HOBET registration and payment must be submitted via the online registration. There is a $25.00 fee for “No shows” to take the exam on another date. Each applicant must pass the pre-entrance examination by the deadline date. More information about this exam can be found online at [www.covenantthehealth.org](http://www.covenantthehealth.org).

**Surgical Technology Program**
All applicants for CSST must successfully pass the TABE exam with a 10.0 or above in all four content areas. Failure to successfully complete this requirement after 3 attempts will result in withdrawal of your application. All applicants must register for the TABE exam with Texas Workforce Solutions. Contact their office for further registration information at [www.spworkforce.org](http://www.spworkforce.org).
Reference forms
Each candidate must submit 3 reference forms along with the application packet. Evidence of the applicant's character, personality, and other qualities that are important in predicting probable success in the program will be substantiated by recommendation forms completed by individuals selected by the applicant. The required forms and instructions are available online. References from family members will not be accepted.

Proof of Permanent Residency
Unfortunately COVENANT SCHOOL OF NURSING AND ALLIED HEALTH is not equipped to accept foreign students. Therefore all applicants must be U.S. Citizens or have established Permanent Residency. If you were born outside the United States you will be asked to provide proof of citizenship or permanent residency. Example of identification accepted would be permanent residency card, certificate of naturalization, or a United States Passport.

Letter of Standing
Registered Nursing Program
If you have begun a program of nursing or allied health in the past and not successfully completed it, you will need to request a letter of standing from that program. This letter simply states that you are eligible to apply to their program again in the future. The letter must be mailed directly to the school.

Radiography Program
If you have begun a program of radiography in the past and not successfully completed it, you will need to request a letter of standing from that program. This letter simply states that you are eligible to apply to their program again in the future. The letter must be mailed directly to the school.

Surgical Technology Program
No letter of standing is required

Letter of Eligibility
Registered Nursing Program
CSON requires a letter of eligibility from the Texas Board of Nursing if a petition for Declaratory Order is required related to any criminal charges or convictions including misdemeanors (with the exception of simple moving violations). Contact the Board of Nursing for details about submitting a declaratory order to obtain your Letter of Eligibility http://www.bne.state.tx.us/

Radiography Program
CSOR requires a Letter of Eligibility from applicants with the following circumstances: Criminal proceedings including: Misdemeanor charges and convictions, felony charges and convictions, military court-martials; and/or Disciplinary actions taken by a state or federal regulatory authority or certification board; and/or Honor code violations. The Ethics Review Pre-Application provides an early ethics review of violations that would otherwise need to be reported on your Application for Certification when you have completed an ARRT-recognized educational program and may be used for the offenses. The Ethics Review Pre-Application is reserved for those who are: not enrolled in an ARRT recognized program, or enrolled in an ARRT recognized educational program and are at least six months away from graduation.

Surgical Technology Program
No letter of eligibility required
Interviews
Registered Nursing Program
CSON does not require individual interviews.

Radiography Program
CSOR will schedule applicants for individual interviews after receiving the application.

Surgical Technology Program
CSOST will schedule applicants for individual interviews after receiving the application.

Background Checks
Registered Nursing Program
CSON will not require a background check until the applicant has been accepted for admission.

Radiography Program
CSOR requires a background check to be completed and cleared prior to the admission process. The background check is performed by the Sponsoring institutions HR department prior to admission.

Surgical Technology Program
CSST requires a background check to be completed and cleared prior to the admission process. A consent form will be signed at the time the application is submitted.

Pre-requisite Courses
All prerequisite courses are required to be completed prior to enrollment in all programs of study. Please refer to the Program of Study for details about courses required.

Transfer Students
Covenant School of Nursing and Allied Health will give consideration of credit from other institutions accredited by an agency recognized by the United States Department of Education or the Council for Higher Education Accreditation for “prerequisite courses only.” The approved courses will not count as clock hours earned.

Note: All hours attempted will count toward the Title IV, HEA funding 150% quantitative requirements not just the hours that were accepted as transfer hours. Transfer hours are not accepted from other schools of Registered Nursing, Radiography or Surgical Technology.

Licensed Vocational Nursing (LVN) Transfer Students
LVN’s may request transfer hours for completion of their LVN education towards the Registered Nursing Program. The transfer of hours reduces the time from the Registered Nursing Program of 76 weeks to a shorter 38-57 weeks depending on scores of ATI testing and other factors. For consideration of transfer hours, the LVN applicant must meet all application and admission requirements for the Registered Nursing Program as well as:

- hold a current LVN license in the state of Texas
- Apply within 2 years of graduating from the LVN school or if graduated more than 2 years ago, the applicant must have completed one year of work experience as a LVN within the last 5 years routinely performing basic nursing skills.
**LVN Advanced Placement**
An advanced placement exam will be offered to those LVN applicants who have successfully completed the following:

- Received acceptance or alternate admission status
- Maintain a GPA of > 3.0 (in only the required pre-requisite courses)
- Perform adequate hospital work experience at the discretion of the Admission Committee
- Purchase the advance placement exam in the business office
- Pass the advance placement exam (ATI Adult Medical-Surgical exam) with a level 2

**Advanced Placement Granted**
When a LVN completes all of the above requirements, they could be admitted to the 3rd instructional module if space permits. If the applicant does not meet the above requirements or if space is not available, the accepted LVN applicant must begin in the second instructional module at CSON.

**Additional Application Information:**
All application materials must be submitted together in one packet to successfully complete your application. Incomplete applications will not be accepted.
Admission Requirements

Admission Status
After the application deadline, each school will consider all qualified applicants whose application files are complete and up to date. Selected applicants are then sent an email regarding their status as accepted, alternate, disqualified or declined admission. Upon receipt, further instructions are provided. Accepted and alternate candidates will be required to complete all of the requirements according to the deadlines listed in their admission packet. Please refer to each program of study for further details regarding the admission packet.

Enrollment Agreement
An enrollment agreement must be signed and returned with the admission packet.

Note: Covenant School of Surgical Technology requires students to sign the enrollment agreement only after all requirements have been completed a week before classes start.

Health Requirements
All accepted or alternate students will schedule an appointment with Employee Health Services at Covenant Health to perform the following:
- Document a medical history
- Update required immunizations
- Lab titer to ensure immunization for the Varicella Zoster
- Complete a color blind test (if applicable)
- Undergo a respirator FIT test
- TB baseline and secondary test
- Physical Demand Analysis
- Perform a drug screen test: if the pre-enrollment drug screen is positive for an illegal substance the candidate will be denied admission to Covenant School of Nursing and Allied Health and will not be eligible to reapply for 2 years
- Other items needed to complete the student health file
- All of these items must be completed by the date specified in the admission packet
- IMPORTANT NOTICE TO APPLICANTS: please be aware that all of our students are required to have completed the bacterial meningitis and HEP B series before the start of school. If you have not yet begun to receive this series, or if you will not have it completed before classes begin, you will not be eligible for admission. THIS IS A NON-NEGOTIABLE REQUIREMENT.

CPR Certification
Completion of an approved CPR course is required prior to admission to the school. CPR must be taken through American Heart Association only. An online version of CPR that does not require “hands on” skill performance is not acceptable for students entering their first semester at CSON You must submit a copy of your CPR card for your admission file as specified in the admission packet.

*NOTE: CSOR students will complete the CPR certification during orientation.
**Final Admission Status**
A final letter of admission is mailed to the student after all medical requirements are met, all final official sealed transcripts have been received, and the admission file is complete. Until receipt of this final notification, the student's admission remains tentative.

**Financial Aid**
The financial aid application must be received by the dates listed below for each program. Your application will not be considered complete until ALL required forms are on file in the Financial Aid Office and have been verified for completeness and accuracy. Contact the Financial Aid Office for further assistance.

*Registered Nursing Program*
June 15th for the August admission
October 15th for the January admission

*Radiography Program*
June 15th for the August admission

*Surgical Technology Program*
June 1st for July admission

**FAFSA Verification**
Every year a number of students who are eligible for financial aid are randomly selected for verification by the U.S. Department of Education by the FAFSA Central Processing System (CPS). If a student is selected for federal verification, they will be asked to complete a Verification Worksheet (provided by the Financial Aid Officer) and must provide additional information before financial aid can be disbursed to the student account. This documentation may include but is not limited to federal income tax transcript and W-2 forms (student's, spouse and/or parents/guardians), proof of untaxed income, housing allowances, etc. Students will be notified in writing of all documents required to fulfill this federal requirement and what their verification code (V1-V6) was so they can complete the required verification requirement. If after review by the Financial Aid Officer, there are any changes to the financial aid package the student will be notified in writing.

**Accommodations**
Covenant School of Nursing and Allied Health complies with the Americans with Disabilities Act of 1990. The school will provide reasonable modifications and/or accommodations for students with learning disabilities depending on the student's need. Students are required to meet the physical demand requirements for the program. The following are Essential Program Requirements:

- Intact gross and fine motor skills; precise hand/eye coordination and dexterity.
- Able to discriminate tactile sensations.
- Clear speech (exception SPT program).
- Congruent verbal/nonverbal behavior; emotional stability; cooperative; no signs of impaired judgment.
- Able to walk, bend, stoop, kneel, stand, twist, sit, carry, lift, reach hands overhead. Able to evacuate a 4-story building in less than 3 minutes.
- Able to sit and stand long periods of time (4-7 hours in class; 8 hours in clinical).

Covenant School of Nursing and Allied Health
- Able to pull 75 lbs; lift 35 lbs; push 100 lbs.
- Able to travel independently to clinical sites as assigned.
- Intact short and long-term memory.
- Visual color discrimination and depth perception; near and far vision 20/20 (may be corrected with lenses).
- Able to hear and discriminate alarms; hears whispered voice at 8 ft. (may be corrected with hearing aid).
- Able to detect odors sufficient to maintain environmental safety, including smoke and noxious odors.
- Frequent exposure to electricity, electromagnetic fields, electronic media and latex; chemical hazards including not limited to disinfecting solutions, dyes, acetone, bleach, and alcohol.
- Possible exposure to toxic drugs; anesthetic gases; ionizing radiation; infectious agents (blood, urine, mucus, saliva, etc.)

It is the student’s responsibility to notify the program of any learning disabilities which might interfere with his/her learning and performance as a student and necessitate special accommodations while in school. Furthermore, the student understands that if he/she requires special accommodations because of disability, he/she must request in writing such consideration and submit a current letter from an appropriate licensed professional describing the nature of the learning limitation and specific accommodations needed while a student. Only after written documentation is presented can reasonable accommodations be provided.

**Note:** In order to be eligible for Title IV funding, you must be able to benefit from the reasonable accommodations and be able to take the state board-licensing exam.

Copyright Infringement Policies and Sanctions (Including computer use and file sharing)

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than $750 and not more than $30,000 per work infringed. For "willful" infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense. For more information, please see the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ's at www.copyright.gov/help/faq.

Covenant School of Nursing and Allied Health abides by the laws of the United States and international laws recognized by the government of the United States. Students enrolled in the School of Nursing and Allied Health will comply with copyright and other laws pertaining to protection of written and intellectual properties of third parties.

As students of Covenant Health School of Nursing and Allied Health, students must not infringe the intellectual property of others in any way. The unauthorized reproduction, distribution, modification, or posting of copyrighted work is a violation of copyright law. Students who violate copyright laws are subject to civil and criminal liability, including possible fines and jail time, and are subject to disciplinary action measures from Covenant School of Nursing and Allied Health.

Student postings shall respect copyright, trademark and fair use laws. Posting of an instructor's lecture materials in any format is prohibited. Distribution of any lecture recordings via social media for the purposes of public listening or viewing is prohibited. The posting or distribution of any copyrighted material that you do not have legal authorization to use is prohibited. Use of materials obtained from the Internet may be copyright protected. Students are cautioned to consult with faculty or CH librarian for assistance in determining if the “Fair Use” exemption applies to the materials. Covenant Health Schools have the right, in their sole discretion, to determine whether content is in violation of the rights of others.
Constitution Day

The Department of Education requires all schools that receive federal funds to offer some type of educational program on the Constitution. Our Constitution was drafted and signed during the Constitutional Convention held in Philadelphia from May 14 to September 17, 1787. CSNAH will provide an education offering on September 17th of every academic year in the form of a Constitutional quiz, informational bulletin board or some other type of educational activity.

Student Handbooks

All students have access to student handbooks specific to each program of study which contains school policies. A copy of the student handbook will either be given in hard copy form or electronically biannually.

Voter Registration

The Department of Education requires schools to make a good faith effort to distribute voter registration forms to their students. Covenant School of Nursing and Allied Health distributes voter registration forms by electronically transmitting to each student a message containing an Internet address where the form can be downloaded. To be eligible to register in Texas, you must:

- Be a U.S. citizen;
- Be a resident of the county;
- Be 18 years old (you may register at 17 years and 10 months)
- Not be a convicted felon (unless a person’s sentence is completed, including any probation or parole)
- Not be declared mentally incapacitated by a court of law

For more information, please read about Voter Registration in the Texas pamphlet at (http://www.sos.state.tx.us/elections/pamphlets/largepamp.shtml)

Intercollegiate Athletic Program

Covenant School of Nursing and Allied Health does not offer any Intercollegiate Athletic Programs.

School of Nursing Mission Statement
In keeping with the Mission of Covenant Health, the Mission of the School of Nursing is to provide a quality nursing education founded on a correlation of evidenced-based best nursing practices, knowledge integration skills, and concepts of caring for the whole person, thereby providing the community with competent beginning nurse generalists. (Revised & adopted Feb 2005)

School of Nursing Philosophy
The Faculty of the School of Nursing believes:
Nursing is a discipline dedicated to the promotion of optimum health for the individual, the family and the community. Nursing requires the integration of knowledge and skills from biological, psychological and sociological sciences with evidenced-based nursing practice and concepts of caring for the individual as a whole person (body mind and spirit). The client's needs and care requirements are best met by an analysis of client needs through the use of the nursing process of assessment, analysis, planning, implementation and evaluation. The nurse collaborates with the client, the family and other members of the health care and nursing teams to formulate a plan of care, which is correlated with the medical care plan and incorporates the use of preventive, supportive, restorative and rehabilitative health measures to meet needs across the lifespan and health-illness continuum of the client, family, and community in a constantly changing society.
Education is a dynamic continuous process utilizing organized instruction and selected learning experiences, which enable the student to attain basic knowledge and skills. Nursing education provides a correlation between scientific concepts and evidenced-based nursing practice coordinated with a variety of learning experiences. This knowledge facilitates the student's development of cognitive, psychomotor, and affective abilities needed to function as a nurse generalist who is capable of critical thinking, independent judgment, and self-direction. Learning is enhanced when there are clearly defined, mutually acceptable outcomes and planned educational experiences that proceed from simple to complex.

The School of Nursing promotes learning through a curriculum based on Lenburg’s Competency Outcomes and Program Assessment Model to facilitate development of competency-based nursing and relationship, leadership, management and knowledge integration needed to function as a beginning nurse generalist. The School of Nursing provides the community with resource persons and role models to facilitate promotion of health and dissemination of information and with graduates eligible to apply to take the licensure examination and competent to function as beginning nurse generalist.

**Nursing Program Outcomes**

CSON program outcomes are based on Lenburg’s Competency Outcomes and are listed below:

- **Assessment and intervention:** Provide competent nursing interventions based on assessment of client needs and application of the nursing process to meet the needs of the whole person.
- **Communication:** Communicate effectively with individuals across the lifespan, families, and members of the health care team.
- **Critical thinking:** Function as a nurse generalist who is accountable and capable of critical thinking, independent judgment, and self-direction.
- **Human caring and relationship:** Incorporate concepts of caring and moral, ethical, legal, and professional standards into nursing practice.
- **Leadership and management:** Coordinate resources to assure optimal levels of health for clients, families, and the community.
- **Teaching:** Teach concepts of health promotion, maintenance, and restoration to clients, families, members of the health care team and the community.
- **Knowledge integration:** Integrate concepts from biological, sociological, and psychological sciences to provide competent evidenced-based nursing care for clients across the lifespan and health-illness continuum.

**History of the School of Nursing**

Covenant School of Nursing, a member of Covenant Health, was founded on January 25, 1918, under the name of Lubbock Sanatorium Training School. As the hospital expanded and became recognized for its specialists in the various fields of medicine, the name was changed to Lubbock General Hospital School of Nursing.

In 1945, a memorial foundation took over the management of the Hospital and School of Nursing, changing the name to Lubbock Memorial Hospital and School of Nursing. The name Methodist Hospital School of Nursing was adopted in 1954 when the Northwest Texas conference of the Methodist Church assumed ownership and operation of both the Hospital and School of Nursing. In 1960, a new student nurses’ residence was completed.

CSNAH-Registered Nursing Program
For the following eleven years, the residence was known as Jackson Hall. In 1971, the first two floors were remodeled to provide classroom, laboratory and office space to house the expanding School of Nursing. Dormitory facilities were closed in June, 1974. On June 9, 1998 with the merger of Methodist Hospital and St. Mary of the Plains Hospital, the School of Nursing became a member of Covenant Health.

**Partnership with Lubbock Christian University**

In 2007, the Texas Legislature passed the Sunset Bill (HB 2426) which required any diploma program of study leading to the initial licensure of a registered nurse must entitle a student to receive a degree from an institution of higher education. Covenant School of Nursing (CSON) and Lubbock Christian University (LCU) proposed a streamlined approach for CSON students to continue on with their education to receive a bachelor’s degree from LCU. For more information regarding this unique partnership please click [here](#).

**Professional Nursing Pledge**

In the full knowledge of the responsibilities I am undertaking, I promise to care for my clients with all the knowledge, skills and understanding I possess, without regard to race, color, creed, politics, social status, sparing no effort to conserve meaningful life, to alleviate suffering, and to promote health.

I will respect, at all times, the dignity and religious beliefs of the patients under my care and hold in professional confidence all personal information entrusted to me. I will refrain from any action which might endanger the quality of life or health.

I will endeavor to keep my professional knowledge and skill at the highest level and to give my support and cooperation to all members of the health team. With full awareness of my qualifications and limitations, I will do my utmost to maximize the potential of the nursing profession and to uphold and advance its standards.
Application/ Admission Requirements

Pre-nursing status
The process toward completion of the diploma program begins prior to actually entering the School of Nursing. After completion of high school or a General Education Development (GED) certificate, the pre-nursing student is required to complete twelve specific college level courses at a regionally accredited college or university of choice. If the school is accredited outside of the Southern Association of Colleges and Schools (SACS), then a course description review must be completed by the career counselor and/or Admissions Committee. Courses will be transferred upon review of course descriptions and an hour analysis. These academic pre-requisite courses include the following:

- English I/English II/Speech/or Spanish 6 hours
- Chemistry (with lab) 3-4 hours
- *Human Anatomy & Physiology 1 (with lab) 4 hours
- *Human Anatomy & Physiology 2 (with lab) 4 hours
- Microbiology (with lab) 4 hours
- Human Nutrition 3-4 hours
- Introduction to Psychology 3 hours
- Human Growth & Development 3 hours
- US History up to 1876 3 hours
- American Government 3 hours
- Elective 3 hours

*must be completed within ten years prior to start at CSON

If the pre-nursing student attends classes’ full time, the expected completion time for these courses is three semesters. The order in which the pre-requisite courses are taken is significant since colleges require completion of certain courses before enrollment in others. All pre-requisite college courses must be completed prior to enrollment in the nursing curriculum at the School of Nursing.

Time Frame
If the pre-nursing student attends classes’ full time, the expected completion time for these courses is three semesters. The order in which the pre-requisite courses are taken is significant since colleges require completion of certain courses before enrollment in others. All pre-requisite college courses must be completed prior to enrollment in the nursing curriculum at the School of Nursing.

Grade Requirements
A minimum grade of "C" in each of the pre-requisite courses is required, and a grade point average of 2.5 or higher in these courses is expected. The School of Nursing also evaluates the number of times a particular course is taken and considers each grade earned in that course.

Credit by Examination
We accept credit by examination for the following exams with passing scores.

- English I
- Human Growth and Development
English II  US History up to 1876  
Speech  American Government  
Spanish  Elective  
Psychology

The Admissions Officer is available by appointment to applicants for academic guidance and consultation during the pre-nursing phase of completing these required courses.
Student Activities

Activity Calendar
During the academic year there are many activities in which students and faculty members are encouraged to participate. Many of these are planned by students with their faculty sponsors or advisors. Notices of all activities are posted on the Activity Calendar at least one week in advance of the event.

Campus Wide Activities

Welcome Party
Each new class is welcomed to the School of Nursing with a social gathering given by the Student Government to introduce them to the students and faculty of the school.

Student Conventions
Students are given educational leave to attend the Council of Schools, Texas Nursing Student’s Association convention and the National Student Nurses’ Association convention, provided the student is not on scholastic warning of any kind, GPA at 75 average or better and has turned in all required work before leaving.
Student Body Organizations

Students are given opportunities to participate in governance activities at the school. They can do so through the Student Government Organization, Class Organization, and Student Welfare.

**Student Government Organization**
The Student Government Organization (SGO) serves as a vehicle by which students may learn to operate as a group to accomplish their desired goals and to plan and execute community service activities and social activities. All students are members of this organization and are encouraged to attend the general meetings. The business of the organization is conducted by the Student Council, and meets the second Thursday of the month in the student lounge. The Activities Coordinator serves as Advisor to SGO.

The Student Council is the SGO governing body (the Board) that is made up of students elected by the entire student body. The President must be a junior or senior, and the Vice President must be a freshmen or sophomore. The Secretary / Treasurer may be any level student. Students must have a grade average of 75 or above to hold office. All social activities and school projects are planned and executed through the Student Council and Covenant Student Nurses Association (CSNA). Student Council officers are elected in August each year with a term of office of one year or, in the case of seniors, until graduation.

**Student Council Officers/Duties**
- **President (Junior/Senior)**
  Presides at all meetings of the Student Government Organization.
  Appoints special committees with the approval of the Student Council.
  Represents the student body in matters related to the Organization and performs all other duties pertaining to office.
  Serves as student representative at faculty meetings.
  Votes only in case of a tie.

- **Vice President (Freshman/Sophomore)**
  Assumes the duties of the president in the absence or disability of the president.
  Performs other duties as assigned by the president.
  Serves as ex-officio member of all committees

- **Secretary/ Treasurer (any level)**
  Prepares the minutes of all business meeting of the Organization and the Student Council.
  Keep attendance records of all meetings.
  Acts as advisor of Organizational funds.

**Class Organization**
Each class organization is an important part of traditional student activities and provides opportunities to develop and promote professional endeavors within its instructional module. The organizations consist of student representatives who are elected at the beginning of the Freshman and Junior Instructional Modules (Semesters). Each class elects three representatives to serve a one year's term.
Class Representatives Duties
- Serves on Student Welfare committee
- Makes weekly class announcements
- Communicates class recommendations to the Student Welfare Committee
- Communicates Faculty decisions and recommendations to the class
- May call a class meeting (scheduled with Student Activities Coordinator one week prior to posting the date and time of the meeting.)
- Representatives must commit to attending 80% of Student Welfare meetings
- Serve as a member of Grievance Hearing Panel when necessary.

Student Welfare Committee
This committee serves as liaison between the students and the School to oversee the student program. This committee is actually a very powerful group, and is a proactive group that listens to student concerns, issues or suggestions. In order for the students to feel they have a voice in their nursing education and school, integrity and confidentiality are very important in each meeting. If need be, some of these members serve on the Grievance Panel.

Members include the Student Activities Coordinator (the permanent chairperson) a Faculty member from each level, and the elected student class representatives. The committee is scheduled to meet the first Thursday of the month from 12:00-1pm. Functions of the Student Welfare Committee are:

- Collaborates and supports CSON Student Association and the student activities program.
- Provides curriculum suggestions.
- Review and revise student policies as necessary.
- Serve as student panel member if called to grievance hearing.
- Continue to evaluate post-graduate and employer surveys.
- Evaluate all the above areas as necessary for accreditation.

Student Representatives to the Faculty Organization
Officers who may attend the faculty organization meetings are the President of the Student Association, President of Student Government Organization and/or a Class Representative from the Student Welfare Committee. In the event one of the officers is unable to attend, they may delegate another officer to attend in their place. The Officers have a voice and voting privileges, except in matters which would involve breach of confidentiality.

Pre-Professional Student Associations
All students of Covenant School of Nursing may become members of the Student Association, the Texas Nursing Student Association and the National Student Nurses Association. Annual dues are $40 for new members and renewals are $45.

Purpose of Covenant Student Nurses Association (CSNA):
- To assume responsibility for contributing to nursing education in order to provide for the highest quality health care
- To provide programs representative of functional and current professional interest and concerns

CSNAH-Registered Nursing Program
- To aid in the development of the whole person and his/her responsibility for the health care of people in all walks of life.

**Functions of Covenant Student Nurses Association (CSNA):**
- To have direct input into standards of nursing education and influence the education process
- To influence health care, nursing education and practice through legislative activities as appropriate
- To promote and encourage participation in community affairs and activities toward improved health care and the resolution of related social issues
- To represent nursing students to the consumer, to institutions, and other organizations
- To promote and encourage student participation in interdisciplinary activities
- To promote and encourage recruitment efforts: participation in student activities and educational opportunities; regardless of person’s race, religion, sex, national origin, age, and marital status or disability
- To promote and encourage collaborative relationships with the National Student Nurses Association, American Nurses Association, the National League of Nursing, the International Council of Nurses, Texas Nurses Association, Texas League for Nursing, as well as other nursing and related health organizations.

**CSNA Officers**
Student CSNA officers will be elected each April and serve for the period of one year. Students seeking an office or travel to conventions must have a grade average of 75 or above. Elected Officers include:
- President
- Vice-President
- Secretary
- Treasurer
- Projects Chair
- Fundraising Chair
- Historian.

Each new instructional module, students may be assigned as co-chairs of projects, fundraising and historian if desired.

**Local Chapter of the Texas Nursing Students Association**
The Texas Nursing Students Association (TNSA) is governed by a Board of Directors elected by the membership at the Annual Meeting. Other meetings of the Association are scheduled as the Board designates. It is necessary to attend these meetings in order to be an active member.

It is each student's privilege and responsibility to take an active part in the pre-professional nursing organization. By being an active member of the Association, the student has opportunities to participate in community activities toward improved health care, as well as participating in fund raising activities to send delegates to the TNSA and NSNA conventions. Students who wish to be delegates to either of these conventions may do so by participating in community service projects and fund raising activities to qualify. TNSA meets annually in February in a city designated by the TNSA Board of Directors. Students who serve as
delegates to the NSNA convention are exposed to the national liaison of nursing schools from every state and get to vote on issues of concern to the nursing profession. By being a member of the National Student Nurses’ Association (NSNA), students are provided national levels of connections and mentoring in shaping their future profession. The number of delegates who may attend TNSA and NSNA conventions from each school is determined by the number of members at a school. The annual events attended by Covenant School of Nursing Representatives:

- TNSA Council of Schools
- TNSA State Convention
- NSNA Midyear Conference

**Student Rights and Responsibilities**
The National Student Nurses’ Association formulated the following Student Bill of Rights in 1975 and amended it in 1988. This document was adopted by the Covenant School of Nursing Student Association with approval of the faculty. Students have a right to:

- a sound education
- a right to and a responsibility for having a creative educational opportunity;
- a right to and a responsibility for having the highest quality practitioner-teacher;
- a right to and a responsibility for achieving input into curriculum planning;
- a right to and a responsibility for achieving self-directed learning;
- a right to and a responsibility for achieving equal participation in all areas of clinical practice;
- a right to and a responsibility for participating in interdisciplinary activities;
- a right to due process
- a right to and a responsibility for insuring peer review and self-evaluation.
- all the rights and privileges of internal governance.
- Students have a right to and a responsibility to organize and participate in an organization directed toward achieving professional goals;
- a right to and a responsibility for facilitating change in health care delivery through various channels;
- a right to and a responsibility for assembling and exploring fundamental and current professional issues and concerns;
- a right to and a responsibility for organizing in a flexible structure to encompass and represent the diversities within nursing and be representative of the fundamental and current professional issues and concerns;
- a right to and a responsibility for fostering a better correlation between nursing education and practice.

Students may exercise the right to inquire about and recommend improvement in policies, regulations and procedures affecting the welfare of students, through appropriate channels such as Student Government or the Student Welfare Committee of the faculty organization. The Student Welfare Committee is composed of Class Representatives and faculty members. It serves as a mediation board for resolving minor problems and complaints and communicates student recommendations to the faculty.
**Student Services**

**Student Guidance/Advisement Activities**
Guidance/Advisement activities are based on the recognition that each student has a unique personality and that all experiences in the school should contribute to personal growth and development as well as professional growth. A full-time Activities Coordinator is employed by the School of Nursing to assist the student in achieving these goals. Both planned and spontaneous conferences are available to the student. Academic guidance is also provided by all faculties to students and each instructional module; students are assigned a faculty advisor. The Retention Committee contains Liaisons in each instructional module to assist students who need extra assistance academically. Individual and group conferences are held periodically as needed. Evaluation conferences are conducted at the close of the instructional module. Exit interviews and surveys are held before graduation to learn the future plans of each student and to obtain suggestions regarding the school. A graduate survey is conducted to evaluate the progress and success of the graduate.

**Covenant Assistance Program (Counseling)**
In addition to the guidance provided by School faculty, students who have special needs may contact CAP (Covenant Assistance Program). This program is provided to students and their families as a free service. CAP provides free evaluation and referral services regarding personal problems on a self-referral basis and is staffed by highly qualified and experienced counselors who are not employees of Covenant Health. When additional counseling or treatment is needed, CAP will refer students or their family members to the most appropriate community-based resource for assistance. CAP services may be recommended or required along with disciplinary action. To make an appointment with CAP, students may call 806-785-5151.

**Health Care Guidelines for Current Students**
Second (final) year students must have an Annual Health Update, including TB Skin Testing, prior to beginning their 2nd/final school year.

Covenant Health (CH) will not pay for any on-school related injury/illness or any illness that existed before the student was accepted in to Covenant School of Nursing (CSON). Note: CSON students are strongly recommended to procure their own personal health coverage insurance.

Students must report any injury/occupational exposure, no matter how slight, to their instructor and Employee Health Services (EHS) immediately. Note: An EHS nurse is on-call 24 hours a day for all injuries/occupational exposures and may be paged at 740-6977 after 5:00pm and on week-ends and holidays.

EHS will provide First Aid treatment and/or over-the-counter medications for temporary relief of minor illnesses.

EHS has the primary responsibility for coordinating medical treatment and follow-up for any clinical/school related injury or occupational exposure.

Student Health Records are protected by the Family Educational Rights Privacy Act, and will be maintained in Employee Health Services. Upon graduation, students are responsible for

CSNAH-Registered Nursing Program
obtaining immunization records from EHS; otherwise these records will be destroyed after six (6) months. If however, following graduation, students become CH employees, EHS will continue to maintain the records as part of their employee health record. Records pertaining to the years the employee is enrolled at CSON will remain Student Health Records and those obtained during employment will be Employment Records.

**Identification Badges**
All students are required to wear identification badges at all times. Students must wear their identification badges at chest level with the name and photo visible at all times. The badge enables ready identification by patients, visitors, physicians and other personnel. The badge must not be defaced or adorned. The badge, with the photo facing outward, is worn in the upper left chest area. Lost badges must be replaced within 1 day. A replacement fee of $10 by cash or check is payable in Human Resources. Students are not allowed to participate in clinical activities without a badge. In the event of withdrawal from school, the badge must be turned in to the Director.

A student wearing own identification badge will receive clearance to enter classrooms for learning, taking a course examination or national standardized test. A student not wearing own identification badge is asked to either leave the campus and retrieve the badge or obtain a new one.

**Child Care Center**
The Covenant Child Care Center offers an exemplary facility for its employees. Nursing students are given an equal opportunity to use this Center for their children, as space permits. The Center is open from 6 a.m. to 6 p.m. Monday through Friday. Applications and payment schedules are available at the Center.

**Employment**
Nursing students may seek employment with Covenant Health or elsewhere if desired. It is the responsibility of the student to schedule employment so that it does not conflict with school responsibilities. The faculty reserves the right to counsel a student when employment interferes with academic performance and achievement. Nursing students are given priority in securing positions for which they may qualify at Covenant Health. Application is submitted online through the Covenant Health website. If a student has called in absent, it is expected he/she would refrain from employment activities on that day.
Student Facilities

**Eating Areas**
Many students bring lunches and use refrigerators and microwave ovens which are located in the student lounge. Soft drinks and snacks may be purchased in vending machines. Items placed in refrigerators must be marked with name and date. Items dated longer than 3 days will be thrown out. ALL items will be thrown out on Fridays.

**Smoking Areas**
It is the policy of Covenant Health to provide a healthful, safe working environment. The use of tobacco products is prohibited inside all CH-owned and leased facilities. Smoking is permitted only in designated areas and 20 feet from an entrance.

**Study Areas**
Study areas are provided on campus. Empty classrooms may also be used as study areas.

**Student Housing**
There is no authorized campus housing.

**Library**
The Covenant Medical Library is located in the Covenant Medical Center across from Human Resources. It is an invaluable resource for nursing students. There is a student orientation to the Library the week before clinicals begin. The Library offers a full menu of online databases with full text articles which can be accessed from home or in the Library. There are also 350 print journals available from which articles can be copied. The hours are M-F 8:30-5:00.

**Physical Fitness Center**
The LifeStyle Centre features a jogging track, Nautilus workout equipment, aerobic dance, treadmills, bikes, rowing machines and a swimming pool. Membership is available to students at a cost of $20 per month. Application is made at the LifeStyle Centre.

**Simulation Center**
The CSNAH Simulation Center is located at Covenant Medical Center and is available to all students. The Simulation Center consists of over 18,000 square feet and contains 3 separate areas that are used by CSNAH faculty to enhance student learning. The largest lab area consists of 12 individual hospital rooms. Each room has a hospital room set up with furnishings such as an electric patient bed, a bedside table, a side chair, and an IV pole, as well as medical gas and suction. Various mannequins including nine VitalSim® Nursing Anne’s that are SimPad® equipped, and one Gaumard Noelle® birthing simulator are used to simulate patient care experiences. This area also has a Gaumard HAL® one year old and newborn mannequin with a radiant warmer.

There are 2 classrooms available (occupancies of 12 and 25 respectively). These rooms can be utilized for traditional classroom capabilities (audio/visual presentations) as well as other non-traditional educational formats (hands on training).

Simulation Center laboratory/training activities can be designed for interdisciplinary groups, for example, nursing and radiography students participate in patient transfer and body mechanics labs together.

CSNAH-Registered Nursing Program
An additional lab is furnished with 6 electric beds. Various styles of mannequins are available in this area. All simulation areas are fully stocked with a variety of patient care supplies to address patient care across the life span and resources to support hands-on learning.

The Simulation Center is equipped with radio frequency communication devices which allow simulated human interaction between the student and a live human voice. Instructors may choose to utilize audiovisual recordings of the simulation for use by the instructor during the debriefing period.

Prerequisites Course Descriptions

**English I**
A study of the writing process that requires students to write extensively in a variety of modes and styles, including personal, academic, and research essays. Includes an application of research techniques and critical thinking.

**English II**
A critical examination of a variety of literary forms and a careful examination of the writing process, culminating in a research paper.

**Speech (either of the following)**
Interpersonal: A study of the human communication process in one to one encounters.

Public Speaking: An introduction to the basic theories of public speaking. An emphasis is placed on delivery skills and communication apprehension. Students learn to prepare and deliver informative and persuasive speeches in an appropriate manner.
Spanish
An introductory course emphasizing conversation, grammar, and Hispanic culture. Lab required.

Chemistry (either of the following)
General Chemistry: An introduction to chemistry. Includes gas laws, bonding theory, atomic structure, solutions, acid-base and redox reactions.

Inorganic Chemistry: The study of chemistry especially relating to the properties and behavior of inorganic compounds. The course should cover all chemical compounds except the myriad organic compounds.

Anatomy and Physiology I (or just Anatomy)
Structure and function of cells, tissues, and the general body plan; the integument, skeletal, and muscular systems.

Anatomy and Physiology II (or just Physiology)
A continuation Anatomy and Physiology I. Structure and function of the endocrine, circulatory, respiratory, digestive, excretory, and nervous systems, as well as a study of fluid, electrolyte and Ph balance of the body.

Microbiology
Characteristics of microorganisms, their culture, uses, control and immunological aspects in industrial, domestic, and medical areas. Concurrent registration in the complementary laboratory course is required.

Human Growth and Development (Lifespan)
The physical and psychological development of the individual from birth through the death/dying process.

Psychology
An introductory course concerning the major theories and recent research in the broad field of psychology.

Nutrition (Science of, or Personal)
Study of nutrients, their functions and food sources, recommended daily allowances, deficiency and toxicity symptoms, and sound principles for nutrition throughout the life cycle.

Political Science (either of the following)
American Government, Organization: Fundamental principles of government including the American system of government and the development of the constitution for the United States.

American Government, Functions: Study of the functions of the American system of government, at the national level.

Texas State and Local Government: Introduction to the Texas state and local political system and comparison to state and local government throughout the United States.

History (either of the following)
World History: World history from the beginning of civilization to 1600 with a related emphasis on world geography

CSNAH-Registered Nursing Program
History of the United States I: The history of the United States from the discovery of America to 1877.

History of the United States II: The history of the United States from 1877 to the present.

*Elective*

Must be a 3 hour non major class. This course cannot be one of the prerequisites listed and is in addition to the other prerequisites. The course must be considered an academic course (not vocational or technical) and cannot be a remedial course. This course also must be from an approved accredited program (any program accredited by a regional accrediting agency).

Licensed Vocational Nurses can qualify for transition hours depending on certain criteria.
**Nursing Course Descriptions**

**Nursing 101: Medical/Surgical Nursing I**
Nursing Science 101 introduces the student to the fundamentals of nursing. The individual is presented as a whole person (body, mind, spirit) whose life style has been disrupted by illness. The application of the nursing process guides the student through the concepts of basic needs in health and illness. The development of interpersonal communication, cognitive and technical skills along with an understanding of ethical and legal issues provides a sound foundation for student learning and progression of their nursing education. The clinical instruction is coordinated with the formal classroom and simulated laboratory experiences. The student is encouraged to participate as a member of the multidisciplinary health care team to provide total care. Clinical experiences become more self-directed as the instructional module progresses.

**Nursing 102: Pharmacology I**
The focus of Nursing 102 is to help nursing students acquire and apply the scientific body of knowledge known as pharmacotherapy to the use of medications in the management of illness and the maintenance of wellness in the adult client. The nursing student is introduced to and will explore principles of pharmacotherapy in the context of classifications, application to wellness, and use of pharmacotherapeutic agents in the treatment of specific disease processes within the framework of the nursing process - assessment, analysis, planning, intervention and evaluation.

**Nursing 103: Pathophysiology I**
The focus of Nursing Science 103 is to introduce students to the fundamental concepts of pathophysiology. The alterations brought about by a pathophysiological state that results in illness or disease are explored in order to achieve a better understanding of the care for the individual. The concept that the individual as a bio-psycho-social-spiritual being whose life style has been disrupted by disease and/or illness is considered. This course begins the study of selected organ systems. These studies provide a foundation for student observations and a framework for actions taken in the planning and implementation of care of the client in Nursing 101.

**Nursing 201: Medical/Surgical Nursing II**
The concept of the client as a whole person (body, mind, and spirit) whose life style has been disrupted by illness is continued. Clinical instruction is coordinated with formal classroom instruction. Clinical conferences are planned to supplement both clinical and formal instruction. Nursing process principles are utilized to develop plans of care based on client needs and concepts of the health-illness continuum. The student continues to participate as a member of the multidisciplinary health care team to provide total patient care. Emphasis shifts to evaluation and modification of care, teaching and discharge planning. Clinical experience continues to become more self-directed as the instructional module progresses.

**Nursing 202: Pharmacology II**
Nursing 202 is a continuation of Nursing 102 designed to help nursing students acquire and apply the scientific body of knowledge known as pharmacotherapy to the use of medications in the management of illness and the maintenance of wellness in the adult client. The nursing student is introduced to and will explore basic principles of pharmacotherapy in the context of classifications, application to wellness, and use in the treatment of specific disease processes within the framework of the nursing process.
Nursing 203: Pathophysiology II
The focus of Nursing Science 203 is to provide a meaningful insight into the mechanisms that maintain the human body with its boundaries and explain the dynamic aspects of the disease process. The alterations brought about by the pathophysiological state results in disease or illnesses are explored. The concept that the individual as a bio-psychosocial-spiritual being whose life style has been disrupted by disease and/or illness is broadened through the study of pathophysiology. It is essential to know that disease is dynamic and the manifestations may vary from person to person and change from day to day. The knowledge can then be incorporated into the nursing process directing the care of the client.

Nursing 301: Family Centered Care of Specialty Populations
This course is an introduction to Maternal/Newborn, Pediatrics, and Psychiatric/Mental Health Nursing. Special emphasis is placed on the biologic, psychologic and sociologic factors affecting these special populations in each unique individual, their family and their community. The clinical component of Nursing 301 seeks to apply scientific concepts and evidenced-based nursing practice in a variety of planned learning experiences. These experiences include but are not limited to acute care, long term care, community care and community resources. This course provides the student the opportunity to develop in the role of maternal/newborn, pediatric, and psychiatric/mental health care team member. At the completion of this course the student should be competent to function in these areas in a beginning nursing position.

Nursing 401: Advanced Nursing Leadership
Advanced Nursing and Leadership is a study of the problems encountered by persons in altered health states in a variety of clinical settings. The course is structured to build on general nursing courses while preparing the student to provide nursing care to meet the specific complex needs of the client and family. The course facilitates transition from student to registered nurse role. Concepts, theories, and application of leadership and management modalities are incorporated. Current trends in health care delivery, legislation, ethics, and employment are discussed. Emphasis is placed on utilization of evidenced-based nursing practice in situations in which critical thinking, decision making, thorough assessment and timely nursing interventions are expected outcomes. This knowledge facilitates the student's development of cognitive, psychomotor, and effective abilities needed to function as an accountable nurse generalist capable of critical thinking, independent judgment, and self-direction. Career selection, career mobility, and the nurse's responsibility for continued professional growth are discussed.
Lubbock Christian University Partnership

Background:
In 2007 the Texas legislature passed HB2426 requiring all diploma school graduates to be eligible for a degree from an institution of higher learning by the year 2014. The bill was signed into law and subsequently entered into the Texas Nurse Practice Act Section 301.157 (a-1).

Effective January 2012, Covenant School of Nursing entered into a Partnership agreement with the Department of Nursing of Lubbock Christian University for the purpose of fulfillment of the intent of the law for all Covenant graduates to be eligible for a degree from an institution of higher learning which in this instance is Lubbock Christian University.

The Partnership Program agreement provides the Covenant School of Nursing graduate the ability to seamlessly matriculate to Lubbock Christian University Department of Nursing for completion of the RN-BSN courses and be eligible for the granting of a Bachelor of Science degree in Nursing upon completion of the university degree requirements.

Benefits of Partnership
- Yields a highly marketable, clinically well trained BSN nurse
- Forty two hours of University credit awarded for Covenant program completion
- Seamless transition from Covenant School of Nursing to Lubbock Christian University
- Education costs are comparable to other BSN programs
- Financial assistance available during 4 year program
- Students are working full time as registered nurses while completing RN-BSN courses
- Tuition reimbursement at some local hospitals are immediately available for full time RN's

Class Schedules

Schedule of CSON Class/Clinical Hours
Classes begin the 1st Monday of August and the 2nd Monday in January. The following is a SAMPLE of course/clinical times. Schedules will vary depending on multiple factors.

First Instructional Module (Freshman)
Classroom: Monday, Thursday, Friday 8:30-4:30
Clinicals: Tuesday, Wednesday: 6:00am-4:30pm (Hours will vary)
(After several weeks in classroom)

Second Instructional Module (Sophomore)
Classroom: Monday, Thursday, Friday 8:30-4:30
Clinicals: Tuesday, Wednesday: 6:00am-4:30pm (Hours will vary)

Third Instructional Module (Juniors)
Classroom: Monday, Friday 8:30-4:30
Clinicals: Tuesday, Wednesday, Thursday: 6:00am-4:30pm (Hours will vary)

Fourth Instructional Module (Senior)
Classroom: Thursday, Friday 8:30-4:30
Clinicals: Monday, Tuesday, Wednesday: 6:00am-4:30pm (Hours will vary)

Office Hours
School Year Hours: (August 4th – May 29th)
Monday - Friday 8:00am - 1:00pm & 2:00pm - 4:00pm

Summer Hours: (June 2nd - August 1st)
Monday - Thursday 8:00am - 1:00pm & 2:00pm - 5:00pm
Friday 8:00am – 12:00pm

Sudano, Lupe (2014) Enrollment Management Services, Admissions Officer; Associates of Arts South Plains College, Levelland, Texas; 2001; Bachelors of Science in Occupational Education (major Human Services), - Wayland Baptist University, Lubbock, Texas, 2003; 806-725-8902

Warner, Susan Bates (1998) Instructional Staff, Medical Librarian; BS Ed, Ohio University, Athens, Ohio, 1969; MLS, Kent State University, Kent, Ohio, 1986; 806-725-0602
School of Radiography

Accreditation
Covenant School of Radiography is fully accredited by the Joint Review Committee on Education in Radiologic Technology. The JRCERT is an organization approved by the United States Department of Education to evaluate and accredit programs in radiography and radiation therapy.

JRCERT
20 N. Wacker Drive, Suite 2850
Chicago, IL 60606-3182
(312) 704-5300

School of Radiography Mission Statement
Covenant School of Radiography strives to graduate students with the entry level skills required of a Radiology Technologist who will strive to assist others in both understanding our values of Service, Excellence, Dignity, and Justice and how to put these values into practice in our daily lives.

School of Radiography Values
Service, Excellence, Dignity, and Justice

School of Radiography Goals

Goal 1: Students will be able to safely and competently perform radiographic procedures.
Student Learning Outcomes:
- Students will practice radiation safety at all times.
- Students will correctly use identifying lead markers and patient identification on radiographs.
- Students will demonstrate an understanding of equipment operation by utilizing psychomotor and critical thinking skills.
- Students will effectively demonstrate the ability to organize and proceed with work assignments in a knowledgeable and professional manner.
- Students will demonstrate compassion and empathy while dealing with patients by applying affective domain.
- Students will present diagnostic radiographs to the radiologists for interpretation.

Goal 2: Students will evaluate the importance of professional development and growth.
Student Learning Outcomes:
- Students will be able to identify unprofessional and unethical behavior and understand how ethics and professional behavior impact the lives of patients, their families, their health care providers, their communities, and the country.
- Students will understand their legal obligations to their patients and to the hospital/institution.
- Students will display professional development and growth.

**Goal 3: Students will use critical thinking and problem solving skills.**

Student Learning Outcomes:
- Students will be able to identify and correct technical and positional errors on radiographs.
- Students will be able to select acceptable technical factors by utilizing critical thinking skills.
- Students will be able to identify non-routine situations and adjust technical factors and modify positioning method to fit the patient's condition or environment.
- Students will demonstrate the ability to evaluate film quality by utilizing critical thinking skills.

**Goal 4: Students will be able to communicate effectively.**

Student Learning Outcomes:
- Students will practice written communication skills.
- Students will be able to communicate orally and interact effectively with physicians and coworkers.

**History of the School of Radiography**

The program in radiography at Covenant Medical Center in Lubbock is 20-months and culminates in a certificate of completion. Covenant School of Radiography has an articulation agreement with Saint Joseph's College Online, which allows students also to graduate with an Associate Degree in Radiography.

After graduation our students are allowed to sit for the certification examination given by the American Registry of Radiologic Technologists (ARRT). Upon successful completion of the examination, you'll be registered in the field of radiologic technology in radiography and may use the initials RT (R) after your name.

**Partnership with Saint Joseph's College Online**

Saint Joseph's College will grant up to 30 credits for clinical work that has been completed during the 20-month radiology program for the Associate of Science in Radiologic Science Administration degree (ASRSA) and up to 50 credits towards the Bachelor of Science in Radiologic Science Administration degree (BSRSA). Credits are accepted across degrees with no statute of limitation. Graduate Program Option: A fast track to a Master's degree in Healthcare Administration is also available.

**Benefits to Partnership**
- Ease of admission, because the certificate program will have already been reviewed for credit transfer.
- Online courses are "open" 24/7, affording students the flexibility of doing coursework at times that are convenient for them.
- Optional summer courses allow students/graduates to accelerate their degree program.
- Application fee will be waived for articulating partners.
The process for individuals seeking admission to Saint Joseph’s College Online Go to http://online.sjcme.edu/student-application-options.php

Application/Admission Requirements

Prerequisite Requirements
Covenant School of Radiography and Saint Joseph’s College Online has an articulation agreement for students to be able to receive an Associate Degree and a certificate at graduation:

Time Frame
If the pre-radiography student attends classes’ full time, the expected completion time for these courses is three semesters. The order in which the pre-requisite courses are taken is significant since colleges require completion of certain courses before enrollment in others. All pre-requisite college courses must be completed prior to enrollment in the nursing curriculum at the School of Radiography.

Grade Requirements
A minimum grade of "C" in each of the pre-requisite courses is required, and a grade point average of 2.5 or higher in these courses is expected. The School of Radiography also evaluates the number of times a particular course is taken and considers each grade earned in that course.

Options
- Students can apply for Covenant School of Radiography that already have a minimum of an Associate Degree. This meets the requirement for American Registry of Radiologic Technology.
- In order for the students to receive an Associate Degree through the Covenant School of Radiography and Saint Joseph’s College Online, all of the prerequisite courses can be taken through Saint Joseph College of Maine or at least 25% must be completed through Saint Joseph College Online.

CSNAH-Registered Radiography Program
Guidelines for transfer credit applicability (Pre-requisite Course Descriptions)

**Sciences**
Includes all science courses except behavioral and social sciences.
Examples: Anatomy and Physiology, Microbiology, Biological Sciences (Botany, Zoology, Animal Behavior), Environmental/Ecology, Entomology, Chemistry, Physical Sciences (Geology, Physics, Earth Science, Astronomy, Geography)

**Social Sciences**
Broadly defined as human and behavioral sciences
Examples: Psychology, Sociology, Anthropology, Social Work (including Human Services and Social Welfare courses), Political Science (including American Government)

**Philosophy**
May include Philosophy, Logic and Ethics. Must be coded as Philosophy.
Examples: Philosophy, Logic & Ethics
Not Acceptable: Medical Ethics

**Ethics**
Must be general ethics/philosophy based
Examples: Ethics
Not Acceptable: Medical Ethics

**Theology**
Bible Studies, Theology, Religious Studies. Must fall under the department of Religion or Theology
Examples: World Religions, Theology of Christ

**History**
Includes all college level history courses cataloged within the history department.
Examples: World Civilization, U.S. History, Western Civilization
Not Acceptable: Courses that are based within a specific major such as Educational History.

**Humanities**
Examples: Theater/Drama/Film (History or Appreciation), Music (History or Appreciation), Art (History or Appreciation), Literature, Mythology, Foreign Language, History, Philosophy, Theology, Humanities survey courses
Not Acceptable: Education courses, Applied art (Ceramics, drawing, sculpture, photography, silkscreen, watercolor), Applied music courses (chorus, piano, French horn, etc.), Speech or Public Speaking or Broadcasting journalism courses, Writing courses (grammar, business writing, tech. writing, creative writing, etc.), Political Science, ASL American Sign Language

**General Elective**
Any of a variety of college level courses. May include courses in applied arts and sign language, business courses, accounting courses, social sciences, nursing etc.
Examples: Business Ethics, Medical Bioethics, Nursing 101, Intro to Paralegal
Not Acceptable: Physical education courses, vocational courses or other course work that does not have a theoretical basis.
Saint Joseph's College Online will grant transfer credit from accredited colleges or universities with a course grade of "C" or better, provided the course is applicable. To earn a degree through Saint Joseph's College online students must complete 25% of courses at Saint Joseph's College. Students must take a minimum of 18 credits with 15 credits in the major/specialization courses.

Campus Wide Activities
- Welcome Party (Open House): Each new class is welcomed to the School of Radiography with a social gathering to introduce them to the students and faculty of the school.
- Student Convention: Students are given educational leave to attend approved educational conferences, provided the student is not on scholastic warning of any kind, GPA at 80 average or better, and has turned in all required work before leaving.

Student Body Organizations

Student Government Organization
The SGO (Student Government Organization) serves as a vehicle within which students may learn to operate within a group to accomplish their desired goals and to plan and execute school activities and social activities.

The student council is made up of a Junior class representative and a Senior class President and Vice President.

Student Council Officers/Duties
- President (Senior Student)
- Preside at all meetings for the Junior and Senior class.
• Appoint special committees on special projects for both classes.
• Serve on all Advisory Committee meetings.
• Represent both classes in special class concerns.
• Vice President (Senior Student)
  Assume the duties of the president in the absence or disability of the president.
  Perform other duties as assigned by the president.
  Serve on Advisory Committee meetings.
• Class Representative (Junior Student)
• Represent the Junior Class
  Take issues to the President and Vice President.
  Work with the President and Vice President on student issues.
  Serve on Advisory Committee meetings.

**Student Rights and Responsibilities**

**You have the right to know**
• What financial aid programs are available.
• The deadline for submitting applications for each of the programs.
• How financial aid will be disbursed.
• How your financial aid was determined.
• What resources were considered in the calculation of your need.
• How much of your financial need has been met.
• The details of the various programs in your student aid package.
• The School of Radiography’s refund policy and the Department of Education’s return of Title IV funds requirements.
• What portion of the financial aid you receive must be repaid, and what portion is grant aid. If the aid is a loan, you have the right to know the interest rate, the total amount that must be repaid, and know when the payment is to begin.
• How the School of Radiography determines if you are making satisfactory progress, and what happens if you are not.

**In accepting your responsibilities you must**
• Complete all application forms accurately and submit them on time to the proper place.
• Provide correct information. In most instances, misreporting information on financial aid application forms is a violation of law and may be considered a criminal offense which could result in indictment under the U.S. Criminal Code.
• Return all additional documentation, verification, corrections, and/or new information requested by either the Financial Aid Office or the agency to which you submitted your application.
• Be responsible for reading and understanding all forms that you are asked to sign, and for keeping copies of them.
• Live up to the agreement that you sign.
• Be aware of and comply with deadlines for application.
• Be aware of the School of Radiography refund procedures.
• Report changes in name, address, and telephone number to the proper office/person.

Student Services

Covenant Assistance Program (Counseling)
In addition to the guidance provided by School faculty, students who have special needs may contact CAP (Covenant Assistance Program). This program is provided to students and their families as a free service. CAP provides free evaluation and referral services regarding personal problems on a self-referral basis and is staffed by highly qualified and experienced counselors who are not employees of Covenant Health. When additional counseling or treatment is needed, CAP will refer students or their family members to the most appropriate community-based resource for assistance. CAP services may be recommended or required along with disciplinary action. To make an appointment with CAP, students may call 806-785-5151

Health Care Guidelines for Current Students
Second (final) year students must have an Annual Health Update, including TB Skin Testing, prior to beginning their 2nd/final school year.

Covenant Health (CH) will not pay for any on-school related injury/illness, or any illness that existed before the student was accepted in to CSOR. Note: CSOR students are strongly recommended to procure their own personal health coverage insurance.

Students must report any injury/occupational exposure, no matter how slight, to their instructor and Employee Health Services (EHS) immediately. Note: An EHS nurse is on-call 24 hours a day for all injuries/occupational exposures and may be paged at 740-6977 after 5:00pm and on week-ends and holidays.

EHS will provide First Aid treatment and/or over-the-counter medications for temporary relief of minor illnesses.

EHS has the primary responsibility for coordinating medical treatment and follow-up for any clinical/school related injury or occupational exposure.

Student Health Records are protected by the Family Educational Rights Privacy Act, and will be maintained in Employee Health Services. Upon graduation, students are responsible for obtaining immunization records from EHS, otherwise these records will be destroyed after six (6) months. If however, following graduation, students become CH employees, EHS will continue to maintain the records as part of their employee health record. Records pertaining to the years the employee is enrolled at CSNAH will remain Student Health Records and those obtained during employment will be Employment Records.

Identification Badges
All students are required to wear identification badges at all times. Students must wear their identification badges at chest level with the name and photo visible at all times. The badge enables ready identification by patients, visitors, physicians and other personnel. The badge must not be defaced or adorned. The badge, with the photo facing outward, is worn in the upper
left chest area. Lost badges must be replaced within 1 day. A replacement fee of $10 by cash or check is payable in Human Resources. Students are not allowed to participate in clinical activities without a badge. In the event of withdrawal from school, the badge must be turned in to the Director.

A student wearing his/her identification badge will receive clearance to enter classrooms for learning, taking a course examination or national standardized test. A student not wearing his/her identification badge is asked to either leave the campus and retrieve the badge or obtain a new one.

Child Care Center
The Covenant Child Care Center offers an exemplary facility for its employees. Radiography students are given an equal opportunity to use this Center for their children, as space permits. The Center is open from 6 a.m. to 6 p.m. Monday through Friday. Applications and payment schedules are available at the Center.

Employment
Radiography students may seek employment with Covenant Health or elsewhere if desired. It is the responsibility of the student to schedule employment so that it does not conflict with school responsibilities. The faculty reserves the right to counsel a student when employment interferes with academic performance and achievement. Radiography students are given priority in securing positions for which they may qualify at Covenant Health. Application is submitted online through the Covenant Health website. If a student has called in absent, it is expected he/she would refrain from employment activities on that day.

Student Facilities

Eating Areas
Many students bring lunches and use refrigerators and microwave ovens which are located in the student lounge. Soft drinks and snacks may be purchased in vending machines. Items placed in refrigerators must be marked with name and date. Items dated longer than 3 days will be thrown out. ALL items will be thrown out on Fridays.

Smoking Areas
It is the policy of Covenant Health to provide a healthful, safe working environment. The use of tobacco products is prohibited inside all CH-owned and leased facilities. Smoking is permitted only in designated areas and 20 feet from an entrance.

Study Areas
Study areas are provided on campus. Empty classrooms may also be used as study areas.

Student Housing
There is no authorized campus housing.

Library
The Covenant Medical Library is located in the Covenant Medical Center across from Human Resources. It is an invaluable resource for nursing students. There is a student orientation to the Library the week before clinicals begin. The Library offers a full menu of online databases
with full text articles which can be accessed from home or in the Library. There are also 350 print journals available from which articles can be copied. The hours are M-F 8:30-5:00.

**Physical Fitness Center**
The LifeStyle Centre features a jogging track, Nautilus workout equipment, aerobic dance, treadmills, bikes, rowing machines and a swimming pool. Membership is available to students at a cost of $20 per month. Application is made at the LifeStyle Centre.

**Simulation Center**
The CSNAH Simulation Center is located at Covenant Medical Center and is available to all students. The Simulation Center consists of over 18,000 square feet and contains 3 separate areas that are used by CSNAH faculty to enhance student learning. The largest lab area consists of 12 individual hospital rooms. Each room has a hospital room set up with furnishings such as an electric patient bed, a bedside table, a side chair, and an IV pole, as well as medical gas and suction. Various mannequins including nine VitalSim® Nursing Anne’s that are SimPad® equipped, and one Gaumard Noelle® birthing simulator are used to simulate patient care experiences. This area also has a Gaumard HAL® one year old and newborn mannequin with a radiant warmer.

There are 2 classrooms available (occupancies of 12 and 25 respectively). These rooms can be utilized for traditional classroom capabilities (audio/visual presentations) as well as other non-traditional educational formats (hands on training).

Simulation Center laboratory/training activities can be designed for interdisciplinary groups, for example, nursing and radiography students participate in patient transfer and body mechanics labs together.

An additional lab is furnished with 6 electric beds. Various styles of mannequins are available in this area. All simulation areas are fully stocked with a variety of patient care supplies to address patient care across the life span and resources to support hands-on learning.

The Simulation Center is equipped with radio frequency communication devices which allow simulated human interaction between the student and a live human voice. Instructors may choose to utilize audiovisual recordings of the simulation for use by the instructor during the debriefing period.

Covenant School of Radiography Course Descriptions

Fundamentals of Radiologic Science and Health Care 101
Content is designed to provide an overview of the foundations in radiography and the practitioner’s role in the health care delivery system. Principles, practices and policies of the health care organization(s) are examined and discussed in addition to the professional responsibilities of the radiographer.

Ethics and Law in the Radiologic Sciences 101
Content is designed to provide a fundamental background in ethics. The historical and philosophical bases of ethics, as well as the elements of ethical behavior, are discussed. The student will examine a variety of ethical issues and dilemmas found in clinical practice. Also, an introduction to legal terminology, concepts and principles also will be presented. Topics include misconduct, malpractice, legal and professional standards, and the ASRT scope of practice. The importance of proper documentation and informed consent is emphasized.

Medical Terminology 101, 201, 301, 401
Content is designed to provide an introduction to the origins of medical terminology. A word-building system is introduced and abbreviations and symbols are discussed. Also introduced is an orientation to understanding radiographic orders and diagnostic report interpretation. Related terminology is addressed.

Principles of Radiographic Exposure and Evaluation 101, 201, 301, 401
Content is designed to establish a knowledge base in radiographic, fluoroscopic, mobile and tomographic equipment requirements and design. The content also provides a basic knowledge of quality control.

Image Analysis 101, 201, 301, 401
Content is designed to provide a basis for analyzing radiographic images. Included are the importance of minimum imaging standards, discussion of a problem-solving technique for image evaluation and the factors that can affect image quality. Actual images will be included for analysis.

Human Structure and Function 101, 201, 301, 401
Content is designed to provide students with the knowledge of the structure and function of the human body. Cells, tissues, and bones will be described. Organs will be discussed as components of their system.

Radiologic Physics 101, 201, 301, 401
Provides the student with knowledge of basic physics. Fundamentals of x-ray generating equipment are discussed. Information on x-ray production, beam characteristics, and units of measurement is provided.

Radiographic Procedures 101, 201, 301, 401
Provides students with the knowledge and skills necessary to perform standard radiographic procedures and a summary knowledge of special studies. Consideration will be given to the production of radiographs of optimal diagnostic quality. Clinical experience will be used to compliment the classroom portion of the course.

CSNAH-Registered Radiography Program
Clinical Practice 101, 201, 301, 401
Regular rotations in hospital and clinic settings will be performed. Involves radiographic procedure competency testing and technical evaluations. 401 familiarizes students with CT, MRI, Ultrasound, Nuclear Medicine, Cardiac Catherization Laboratory, and Radiation Therapy.

Radiation Protection 301
Provides an overview of the principles of radiation protection. Radiation protection responsibilities of the radiographer for patients, personnel, and public are presented. The concepts of As Low As Reasonably Achievable (ALARA) and stochastic and nonstochastic effects will be discussed and compared with concept of Maximum Permissible Dose (MPD). Regulatory agencies will be identified and agency involvement in radiation protection will be discussed.

Patient Care in Radiologic Sciences 101, 201
Content is designed to provide the basic concepts of patient care, including consideration for the physical and psychological needs of the patient and family. Routine and emergency patient care procedures are described, as well as infection control procedures using standard precautions. The role of the radiographer in patient education is identified.

Quality Assurance and Quality Control 301, 401
Evaluation of radiographic systems to assure consistency in the production of quality images will be introduced. The components involved in the radiography system will be identified. Tests and procedures to evaluate these components will be discussed. State and federal impacts will be described.

Radiographic Pathology 301
Content is designed to introduce concepts related to disease and etiological considerations with emphasis on radiographic appearance of disease and impact on exposure factor selection.

Pharmacology and Drug Administration 201
Content is designed to provide basic concepts of pharmacology. The theory and practice of basic techniques of venipuncture and administration of diagnostic contrast agents and/or intravenous medications is included. The appropriate delivery of patient care during these procedures is emphasized.

Digital Image Acquisition and Display 401
Content is designed to impact an understanding of the components, principles and operation of digital imaging systems found in diagnostic radiology. Factors that impact image acquisition, display, archiving and retrieval are discussed. Guidelines for selecting exposure factors and evaluating images within a digital system assist students to bridge between film-based and digital imaging systems. Principles of digital system quality assurance and maintenance are presented.

Radiation Biology 301
Content is designed to provide an overview of the principles of the interaction of radiation with living systems. Radiation effects on molecules, cells, tissues, and the body as a whole are presented. Factors affecting biological response are presented, including acute and chronic effects of radiation.
Basic Principles of Computed Tomography (CT) 401
Content is designed to provide entry-level radiography students with principles related to computed tomography (CT) imaging. Basic Magnetic Resonance Imaging (MRI) principles will also be addressed.

Human Diversity 101
Content is designed to provide students with up to date topics involving healthcare, people and ethical and legal issues.

Review 401
Four to eight three hour review tests will be taken the last two months in order for the student to find out what areas need to be studied more before taking the final and the National Registry (ARRT).

Class Schedules

Schedule of Class/Clinical Hours
Typical Class/Clinical Schedule:

1st Year Students:
Didactic/Lab: M/Fri - 9:00 a.m.- 12:00p.m
Clinical: M/Fri 1:30 p.m. – 4:30 p.m.

2nd Year Students:
Didactic/Lab: M/Thur - 1:30 p.m. – 4:30 p.m.
Clinical: M/Fri 9:00 a.m.- 12:00p.m
Scheduled lunch: 1.5 hours from 12:00 p.m. to 1:30 p.m.

Office Hours
M/Fri. 8:00 a.m. – 4:30 pm
Price of Attendance

**NOTE:** Covenant Health makes books available at no cost for enrolled students. HOWEVER, in the event the student withdraws or is otherwise terminated from the program, the books MUST be returned to CSOR in reusable condition within 20 days of termination.

**Non-refundable fees:**
- Graduation Fee: $50.00; to be paid the third instructional module.
- Testing Fee: $65.00; to be paid the third instructional module.
- ID Card Fee: A $10.00 replacement charge will be required if the card is lost or stolen.
- Administrative Fee: A $100 nonrefundable fee to help defray the fixed costs for reserving an academic position for the student.
- Transcript Fee: $2.00 each. Academic transcripts furnished from other Institutions are part of the student’s permanent file and copies will not be made available by CSOR.

**Miscellaneous Expenses**
- Entrance Exam: $35.00 for the HOBET entrance exam
- Uniform Accessories: Cost of uniforms, shoes, etc. is the student’s responsibility
- X-Ray Markers: Each student will be assigned and provided a set of right and left X-ray markers for use while in the program. X-ray markers must be returned upon graduation. In the event a marker is lost or broken, the student must order a replacement marker.
- ARRT Exam Fee: $200; to be paid with ARRT Exam Application, three months prior to graduation.
- TDH License Fee: $32.00 to be paid with TDH Application for temporary License
- Other Expenses: Each student is required to purchase a basic calculator.
- Autopsy fee: $40.00

Housing, meals and transportation are the student’s responsibility.

* The School reserves the right to change any provisions, rules or recommendations at any time.

**Textbook Requirements**

Covenant School of Radiography makes books available at no cost for enrolled students. HOWEVER, in the event the student withdraws or is otherwise terminated from the program, the books MUST be returned to CSOR in reusable condition within 20 days of termination.
Faculty Access

Students have access to their course faculty for academic and/or course advisement at times that are outside regularly scheduled class hours. Faculty phone numbers and office hours are published on course syllabi.

**Oswalt, Lori** (1981) Associate of Science in Radiologic Sciences, South Plains College, Levelland, TX; (1991) Bachelor of Science in Radiologic Sciences, Midwestern State University, Wichita Falls, TX; (1997) Master of Science in Radiologic Science, Specialty in Administration

**Posteraro, Robert**, MD, MBI, FACR (1973) Doctor of Medicine, Yale University School of Medicine; (1980) American Board of Radiology; (1980) Medical License, State of Texas; (2005) master of Biomedical Informatics, Oregon Health & Science University

**Scherer, Lana** (1999) Certificate in Radiologic Sciences, Covenant School of Radiography, Lubbock, TX

**Seigman, Kim** (1986) Certificate in Radiologic Sciences, Methodist School of Radiologic Technology, Lubbock, TX; (2008) Bachelor of Science in Radiologic Sciences, Midwestern State University, Wichita Falls, TX

School of Surgical Technology Mission Statement
Guided by a commitment to the values of Covenant Health the mission of Covenant School of Surgical Technology is to respond to the needs of the local community and surrounding region by providing the quality didactic and clinical education necessary for the student to practice not only as an integral member of the surgical team, but also as a highly skilled, well-educated, and competent Surgical Technologist.

School of Surgical Technology Purpose
The purpose of Covenant School of Surgical Technology is to prepare graduates who can demonstrate entry level competencies as Surgical Technologists, who can perform satisfactorily on the national certification exam, and who have a foundation for continued learning.

School of Surgical Technology Goals
Upon successful completion of the Surgical Technologist Program, the graduate will:

- Will meet the academic and clinical requirements necessary to take the National Certifying Examination for Surgical Technologists offered by the National Board of Surgical Technology and Surgical Assisting through the Association of Surgical Technologists
- Practice as an entry level Surgical Technologist guided by a caring philosophy grounded in the values of Covenant Health
- Demonstrate the working knowledge, skills, and attitudes necessary to perform the role of an entry level surgical technologist in a safe, efficient, and cost effective manner while functioning as a cooperative team member in all types of surgical procedures
- Demonstrate personal and professional growth
History of the School of Surgical Technology

On June 10th, 1998, Covenant Health was established with the merger of Lubbock’s two oldest health institutions, Methodist Hospital and St. Mary of the Plains Hospital. Covenant Health is a member of St. Joseph Health, one of the most successful not for profit healthcare systems in the nation.

Now known as Covenant Medical Center, Methodist Hospital’s heritage goes back to 1918 with the establishment of a 25 bed facility called the Lubbock Sanitarium. The name was changed to Lubbock General Hospital in 1942, Lubbock Memorial Hospital in 1945, and Methodist Hospital in 1954.

St. Mary Hospital or Covenant Women’s and Children’s as it is known today was founded in 1937 and was known as Plains Hospital and Clinic. In July of 1938, it was purchased by the Sisters of St. Joseph of Orange, California and became St. Mary of the Plains Hospital.

As the largest healthcare system in the region, and with a priority of providing qualified staff to patients in our community and surrounding area, Covenant Health established the School of Surgical Technology on August 28, 2006. The school is located on the Medical Center campus, and is centrally located among all clinical sites. It includes a classroom, faculty and staff offices, and lab facilities.

Program Requirements

- Fluent in written and spoken English
- Be clean and neat in dress and personal hygiene
- Have the willingness to follow school and hospital policies and procedures.
- Able to withstand frequent, uninterrupted periods of prolonged standing and/or holding retractors
- Able to perform a full range of body motion including handling and lifting clients, supplies, equipment, etc.
- Very precise hand/eye coordination and finger dexterity
- Able to bend, reach, pull, push, stand, stoop, walk during shift, and agility to handle body mass
- Able to lift and carry up to 30 pounds while lifting instrument trays
- Visual acuity within normal range including peripheral vision as well as working with small sutures, needles, and microscopes
- Ability to hear in an environment where individuals wear surgical masks and are subject to noise from various types of surgical equipment
- Ability to withstand unusual smells such as bone cement or cauterized tissue
- Ability to wear full surgical attire including personal protective equipment
- Ability to adapt effectively and maintain a high standard of courtesy and cooperation in dealing with co-workers, patients and visitors, and perform job functions satisfactorily despite the tension of a hospital work environment
- Ability to perform in an emotionally controlled manner when confronted with emergency or critical situations
- Recognize that work environment will include the occupational hazard of exposure to blood or other potentially infectious material as well as possible scalpel and needle punctures

The Pledge of the Surgical Technologist
I solemnly pledge to myself and those present to have: a strong surgical conscience; to understand the patient’s rights; to respect myself and team members; to be goal oriented, an inspiration to peers and those around me; to be compassionate and ever watchful of aseptic technique; to be loyal to myself and my profession; exhibit trust in co-workers; maintain efficiency through continuing education; to have the courage to face any situation placed before me; to be honest, nonjudgmental, optimistic, and logical in my decisions; to be objective in self discipline; to provide guidance to those who follow in my footsteps; to have integrity, stamina of body and mind, and to
Application/Admission Requirements

Adherence to procedures and deadlines for submitting requested forms and documentation to Covenant School of Surgical Technology is required. To be eligible for admission, an applicant must be able to read and write English, and the student must meet the following application requirements:

- Submit CSOST accepts applications year round for classes beginning in the fall. The application deadline for fall admission is April 15th. No late applications are accepted.
- Completed online application. All applicants must complete an online application and submit a printed copy with your application. Online applications are available at https://covn.empower-xl.com.
- An application fee of $50 must be turned in with your application. The application fee must be paid by check, credit/debit card, or money order. Cash is not accepted for this fee—no exceptions.
- Resume - the Resume/CV should include current contact information, educational experience related to healthcare, work experience related to healthcare (listing dates of employment for each), and any volunteer or shadowing experience. Also include any community service hours or special recognition you have earned.
- “Official” sealed transcript from high school reflecting graduation to be submitted with the Application for Admission. Official transcripts must have an original signature and school seal on them. They must be submitted with all application documentation by the application deadline. It is acceptable to submit a verified GED in place of a high school transcript or successful completion of an approved home school program.
- “Official” sealed transcripts from all colleges and universities attended to date must be submitted with the Application for Admission. They must be submitted with all application documentation by the application deadline determined by the program. If a student applies before all prerequisites are completed, all final official transcripts that reflect any outstanding course work are due prior to the first day of classes by the date stated in the admission packet.
- All applicants for CSOST must successfully pass the TABE exam with a 10.0 or above in all four content areas. Failure to successfully complete this requirement after 3 attempts will result in withdrawal of your application. All applicants must register for the TABE exam with Texas Workforce Solutions. Contact their office for further registration information at www.spworkforce.org.
- Each candidate must submit 3 reference forms along with the application packet. Evidence of the applicant's character, personality, and other qualities that are important in predicting probable success in the program will be substantiated by recommendation forms completed by individuals selected by the applicant. The required forms and instructions are available online. References from family members will not be accepted.
- Applicants will be scheduled for individual interviews after receiving the application.
**Additional Application Information**
All application materials must be submitted together in one packet to successfully complete your application. Incomplete applications will not be accepted.

A limited number of positions are available, and many more applicants apply than are accepted. Selection is based on a combination of academic preparedness, entrance examination scores, and personal interviews.

**Prerequisite Course Requirements**
Successful completion of Medical Terminology course is the only pre-requisite course required. Course must be completed prior to submitting application, or proof of enrollment and completion prior to the start date. Official transcripts must be provided to the school with the application or upon completion of the course. Course can be an online course, community course, or from an accredited college or university and must be completed within 10 years of program start date.

**Admission Status**
After the application deadline and an interview has been conducted, the school will consider all qualified applicants whose application files are complete and up to date. Selected applicants are then sent an email and/or letter regarding their status as tentative acceptance, alternate, disqualified or declined admission. Upon receipt, further instructions are provided. Accepted and alternate candidates will be required to complete all of the requirements according to the deadlines listed in their admission packet.

**Enrollment Agreement**
Applicants accepted into the program must sign an enrollment agreement prior to the start of the program.

**Health Requirements**
All accepted students will schedule an appointment with Employee Health Services at Covenant Health to perform the following:

- Document a medical history
- Update required immunizations
- Lab titer to ensure immunization for the Varicella Zoster
- Complete a color blind test
- Undergo a respirator FIT test
- TB baseline and secondary test
- Physical Demand Analysis
- Perform a drug screen test: if the pre-enrollment drug screen is positive for an illegal substance the candidate will be denied admission to Covenant School of Surgical Technology and will not be eligible to reapply for 2 years
- Other items needed to complete the student health file
- All of these items must be completed by the date specified in the admission packet
- IMPORTANT NOTICE TO APPLICANTS: please be aware that all of our students are required to have completed the bacterial meningitis (if age 22 and under) and HEP B series before the start of school. If you have not yet begun to receive this series, or if you will not have it completed before classes begin, you will not be eligible for admission. THIS IS A NON-NEGOTIABLE REQUIREMENT.
CPR Certification
Completion of an approved CPR course is required prior to admission to the school. CPR must be taken through American Heart Association only. You must submit a copy of your CPR card for your admission file as specified in the admission packet.

Final Admission Status
A final letter of admission is mailed to the student after all medical requirements are met, all final official sealed transcripts have been received, and the admission file is complete. Until receipt of this final notification, the student's admission remains tentative.
**Student Activities**

**Holiday Calendar**

New Year’s Day: Spring Break (1 week)
Memorial Day: Labor Day
Fall Break (1 week): Thanksgiving (3 days)
Christmas (2 weeks)

**School Calendar and Enrollment Dates**

- July 7: 1st Instructional Module begins
- September 1: No School – Labor Day Holiday
- September 15-19: No School – Fall Break
- November 26-28: No School – Thanksgiving Break
- December 15: 2nd Instructional Module begins
- December 22-January 2: No School – Christmas Break
- March 6: No School – TSA Workshop
- March 16-20: No School – Spring Break
- April 3: Weather Day (if needed)
- May 25-26: No School – Instructor Workshop
- June 5: Last day of clinical
- June 8: National Certifying Exam
- June 9: Weather Day (if needed)
- June 9-12: End of Program – final preparation for graduation
- June 12: GRADUATION
Student Body Organizations

Pre-Professional Student Association
The Association of Surgical Technologists (AST) is your professional organization. Membership is mandatory and is included in tuition. Benefits include:
- Association with other students and practicing surgical technologists
- Surgical Technologist – a monthly scientific publication
- Discounts in registration fees at AST sponsored educational programs
- A forum for voicing your concerns for the profession
- A discount fee for taking the National Certification Examination

Student Services

Covenant Assistance Program (Counseling)
In addition to the guidance provided by School faculty, students who have special needs may contact CAP (Covenant Assistance Program). This program is provided to students and their families as a free service. CAP provides free evaluation and referral services regarding personal problems on a self-referral basis and is staffed by highly qualified and experienced counselors who are not employees of CSNAH. When additional counseling or treatment is needed, CAP will refer students or their family members to the most appropriate community-based resource for assistance. CAP services may be recommended or required along with disciplinary action. To make an appointment with CAP, students may call 806-785-5151

Health Care Guidelines for Current Students
Covenant Health (CH) will not pay for any on-school related injury/illness, or any illness that existed before the student was accepted into Covenant School of Surgical Technology. Note: CSOST students are strongly recommended to procure their own personal health coverage insurance.

Students must report any injury/occupational exposure, no matter how slight, to their instructor and Employee Health Services (EHS) immediately. Note: An EHS nurse is on-call 24 hours a day for all injuries/occupational exposures and may be paged at 740-6977 after 5:00pm and on week-ends and holidays.

EHS will provide First Aid treatment and/or over-the-counter medications for temporary relief of minor illnesses.

EHS has the primary responsibility for coordinating medical treatment and follow-up for any clinical/school related injury or occupational exposure.

Student Health Records are protected by the Family Educational Rights Privacy Act, and will be maintained in Employee Health Services. Upon graduation, students are responsible for obtaining immunization records from EHS, otherwise these records will be destroyed after six (6) months. If however, following graduation, students become CH employees, EHS will continue to maintain the records as part of their employee health record. Records pertaining to the years the employee is enrolled at the school will remain Student Health Records and those obtained during employment will be Employment Records.

CSNAH-School of Surgical Technology Program
Identification Badges
All students are required to wear identification badges at all times. Students must wear their identification badges at chest level with the name and photo visible at all times. The badge enables ready identification by patients, visitors, physicians and other personnel. The badge must not be defaced or adorned. The badge, with the photo facing outward, is worn in the upper left chest area. Lost badges must be replaced within 1 day. A replacement fee of $10 by cash or check is payable in Human Resources. Students are not allowed to participate in clinical activities without a badge. In the event of withdrawal from school, the badge must be turned in to the Director.

A student wearing own identification badge will receive clearance to enter classrooms for learning, taking a course examination or national standardized test. A student not wearing own identification badge is asked to either leave the campus and retrieve the badge or obtain a new one.

Child Care Center
The Covenant Child Care Center offers an exemplary facility for its employees. Surgical Technology students are given an equal opportunity to use this Center for their children, as space permits. The Center is open from 6 a.m. to 6 p.m. Monday through Friday. Applications and payment schedules are available at the Center.

Student Employment/Work Policy
The following guidelines must be adhered to in order to participate in the program:

- ALL CLINICAL TIME MUST BE SERVED WITHOUT MONETARY COMPENSATION.
- THE STUDENT WILL NOT BE SCHEDULED FOR CLINICAL ASSIGNMENTS IN ORDER TO PROVIDE COVERAGE FOR CLINICAL AREA OR SHIFT.
- STUDENTS MAY NOT PERFORM IN THE ROLE OR SCOPE OF PRACTICE OF SURGICAL TECHNOLOGIST UNLESS UNDER THE SUPERVISION OF THE CLINICAL INSTRUCTOR OR PRECEPTOR.
- Students are allowed to work; however, employment must not interfere with classroom or clinical assignments.
- Students must wear clinical student uniforms and student identification badge while at the affiliate site during clinical program time, and may not wear student uniform and student identification badge while working as an employee at an affiliate site.
- The school is not responsible for unprofessional conduct by a student while he or she is working for an employer.
- Time spent as an employee cannot be credited to the clinical educational experience of the school.
- Classroom and clinical assignments cannot be altered to accommodate work schedules.
- The Program Dean, Director, and Instructors do not participate in the hiring process of students for work purposes.
Student Facilities

The school is located within the Covenant Medical Center campus. The classroom will accommodate a maximum of 24 students and is fully equipped with state of the art equipment including 14 computers and the audiovisual equipment necessary for Power Point and DVD presentations. There is also a computer lab with 6 additional computers.

Lab Facilities
The lab facilities consist of 2 Operating Rooms. They provide ample hands on experience for the students as they are fully equipped with the amenities of an operating room: scrub sinks, stretchers, lights, instruments, suture…

Eating Areas
Many students bring lunches and use refrigerators and microwave ovens which are located in the student lounge. Soft drinks and snacks may be purchased in vending machines. Items placed in refrigerators must be marked with name and date. Items dated longer than 3 days will be thrown out. ALL items will be thrown out on Fridays.

Smoking Areas
It is the policy of Covenant Health to provide a healthful, safe working environment. The use of tobacco products is prohibited inside all CH-owned and leased facilities. Smoking is permitted only in designated areas and 20 feet from an entrance.

Study Areas
Empty classrooms may be used as study areas.

Student Housing
There is no authorized campus housing.

Library
The Covenant Medical Library is located in the Covenant Medical Center across from Human Resources. It is an invaluable resource for surgical technology students. There is a student orientation to the Library the first week of school. The Library offers a full menu of online databases with full text articles which can be accessed from home or in the Library. There are also 350 print journals available from which articles can be copied. The hours are M-F 8:30-5:00.

Physical Fitness Center
The LifeStyle Centre features a jogging track, Nautilus workout equipment, aerobic dance, treadmills, bikes, rowing machines and a swimming pool. Membership is available to students at a cost of $22 per month. Application is made at the LifeStyle Centre.

The Covenant School of Surgical Technology is taught by 2 registered nurses who are also certified surgical technologists and a CST. Professionals and industry experts including surgeons will lecture about their areas of specialty and give practical classroom demonstrations.

The program is approximately 44 weeks in length and is divided into two Terms, I and II, and leads to a certificate of completion at graduation. Instructional Module I consists of classroom instruction on the principles and the basic core skills of surgical technology, and the practice of such skills in the Skills Laboratory. Instructional Module II consists of skills practicum at the clinical externship sites.
**Surgical Technology Course Descriptions**

**CSST 101**  
Health Sciences for the Surgical Technologist. Students will be introduced to basic anatomy, physiology, pathophysiology, microbiology, pharmacology, anesthesia, and the applications during surgery.  
Pre-Requisite: Medical Terminology  
Lecture Hours – 120  Lab Hours - 0

**CSST 102**  
Technological Sciences. Students will learn of applications for robotics, computers, physics, lasers, endoscopic equipment, and electricity in surgery.  
Pre-Requisite: Medical Terminology  
Lecture Hours – 40  Lab Hours - 0

**CSST 103**  
Patient Care Concepts. Students will be introduced to care and safety of the surgical patient during the peri-operative surgical experience.  
Pre-Requisite: Medical Terminology  
Lecture Hours – 80  Lab Hours – 0

**CSST 104**  
Surgical Technology Fundamentals. The student will learn preoperative, intra-operative, and post-operative non-sterile and sterile responsibilities of the surgical technologist including peri-operative case management, surgical procedures, first and second scrub roles, and assistant circulator role.  
Pre-Requisite: Medical Terminology  
Lecture Hours – 190  Lab Hours - 0

**CSST 105**  
Surgical Instrumentation. The student will learn the classification of instruments, uses, handling and care of the different types of instruments.  
Pre-Requisite: Medical Terminology  
Lecture Hours – 40  Lab Hours - 0

**CSST 106**  
Professional Practice. The student will learn about employability skills, communication and teamwork, ethical and moral issues, legal issues, documentation and risk management, surgery department physical environment, health care facility organization and management, and all-hazards preparation.  
Pre-Requisite: Medical Terminology  
Lecture Hours – 80  Lab Hours - 0

**CSST 200**  
Surgical Techniques and Laboratory Fundamentals. The student will learn the perioperative techniques and procedures required to become an integral surgical team member through instruction and practice prior to clinical externship. Students will learn and practice the application of basic surgical technology: scrubbing, gowning and gloving; creation and
maintenance of the surgical field; transportation of the surgical patient; draping; positioning; setting up back tables; passing instruments; cleaning and handling of instruments and equipment. Students will learn to practice operating room techniques prior to the clinical externship. The student will be required to demonstrate ability to perform skills in a mock procedure.

Pre-requisite: Medical Terminology  Co-Requisite: CSST 100
Lecture Hours – 0  Lab Hours - 150

**CSST 301**
Clinical Externship. Students, under the supervision of a preceptor, will learn to function as an independent member of the surgical team by applying all of the knowledge and skills learned throughout the program. Includes 21 weeks of clinical experience in the OR. The student will seek out learning opportunities in the following surgical specialties: General, Neurosurgery, Cardio-thoracic, Genitourinary, Gynecology/Obstetrics, Orthopedics, Plastic/Reconstruction, ORL, Peripheral Vascular, Ophthalmic, OMF.

Pre-Requisites: Medical Terminology, CSST 100, CSST 200
Lecture Hours – 0  Lab Hours – 0  Clinical Hours – 645

**CSST 302**
Certification Exam Preparation
This course reviews the primary principles and practices of all didactic, laboratory, and clinical experiences gained throughout the program in preparation for the NBSTSA National Certifying Exam for Surgical Technologists to be attempted at the completion of the program. Students are tested on a variety of subjects related to Anatomy and Physiology, Medical Terminology, Introduction to Surgical Technology, Fundamentals of Aseptic Techniques, Professional Development, Pharmacology, Microbiology, Surgical Procedures and Technological Sciences.

Pre-Requisites: Medical Terminology, CSST 100, CSST 200
Lecture Hours – 105  Lab Hours – 0  Clinical Hours – 0
Class Schedules

Schedule of Class/Clinical Hours

Typical Class/Clinical Schedule

Monday through Friday

Lecture/Lab:
M/Th  8:00 a.m. - 2:50p.m.
Tu /W/F  8:00 a.m. – 3:50 p.m.

Clinical
6:30 a.m. – 3:00 p.m.

Scheduled breaks are 10 minutes to the hour.

Scheduled lunch  Class – 1 hour from 12:00 p.m. to 1:00 p.m.

Clinical – 30 minutes (between 11:30 a.m. – 1:00 p.m.)

Office Hours
7:00 a.m. – 3:30 pm Monday – Friday.
Price of Attendance

Total cost for the 12 month program - $4675.00
- Tuition - $3200.00
- Technology Lab Fee - $120.00
- Software License Fee - $80.00
- Books/Supplies - $600.00
- CSST 200 Lab Fee - $250.00
- Graduation Fee - $75.00
- Certifying Exam Review - $100
- AST Membership/Certifying Exam Fee - $250.00

Non refundable fees:
- Application fee - $50
- Textbooks –unless withdrawal is prior to first day of class
- ID Card fee - A $10 replacement charge if the card is lost or stolen.
- Uniform accessories - cost of the uniform, lab coat, and tennis shoes are the responsibility of the student. Estimated cost - $175.00

Schedule of payment:
- $50 application fee is required at time of submission of application. (Applied to student background check and health screen)
- $2300 is due by July 3rd.
- $2375 is due by January 15th.

Late fees
Tuition is due and will be considered late a day after the scheduled due date. On the following day, a late fee of $20 for the first day, and $5 each day thereafter will be assessed until payment is received. After seven days of late fees, the student can be terminated from the program.

Payment should be made to the Covenant School of Surgical Technology at the School of Surgical Technology. In the event of non-payment of debts owed to Covenant School of Surgical Technology, one or more of the following actions may be taken:
- Involuntary withdrawal of the student
- Withholding of the certificate to which the student would otherwise be entitled

Personal checks, money orders and credit cards are accepted as payment of tuition. Any such check that is returned unpaid by the bank on which it is drawn will be viewed by Covenant School of Surgical Technology as nonpayment of debts owed to Covenant School of Surgical Technology. Any student notified of a returned check must remedy the situation within 10 days.

Textbook Requirements

The price for textbooks is included in the tuition cost.
Faculty Access

Students have access to their course faculty for academic and/or course advisement at times that are outside regularly scheduled class hours. Faculty phone numbers and office hours are published on course syllabi.

Section 6: Health and Safety
Drug and Alcohol Abuse Prevention Program

The federal government’s Drug-Free Schools and Communities Act of 1989 required institutes of higher education to have a program to prevent the unlawful possession or distribution of illicit drugs and alcohol by students and employees. This policy of Covenant School of Nursing and Allied Health is in response to this federal requirement. Written notice of the policy is provided to all students on admission and annually. The Drug-Free School Zone policy is published in the Student Policy Handbook of each program.

Standards of Conduct
Covenant School of Nursing and Allied Health is committed to provide a safe and healthy environment of learning. The schools discourage the use of drugs and the abuse of alcohol in the student’s personal life.

- No student may report to CSNAH’s clinical sites, classroom settings and/or its communities after consumption of alcoholic beverages or use of illegal drugs.
- The possession, manufacture, use, sale, purchase or distribution of alcohol or illegal drugs is prohibited in CSNAH’s clinical sites, classroom settings and/or its communities.

Possible State and Federal Legal Sanctions and Penalties
State and federal penalties for alcohol and other drugs provided in Chart A.

Health Risks of Alcohol and Drugs
The health risks of alcohol and drugs are many. Chart B provides information about the effects of alcohol and commonly used illegal and prescription drugs.

Drug and Alcohol Counseling Programs
Covenant Assistance Program (CAP) is available to provide information about and assistance with obtaining treatment for any type of substance abuse which might adversely affect the student’s health, safety, and/or academic progress.

Disciplinary Sanctions
All applicants are subject to pre-enrollment Drug/Alcohol testing. The Dean and Admission officer will be notified of any positive results. Applicants with positive drug/alcohol screen results will be denied admission to Covenant School of Nursing and Allied Health for at least 2 years.

Covenant School of Nursing and Allied Health students are subject to Random, Post-accident or Reasonable Cause Drug/Alcohol testing. Refusal to provide the sample, sign the consent forms or accept treatment is grounds for dismissal, or expulsion. A positive drug/alcohol screening result will result in corrective action up to and including dismissal or expulsion.

Program Review
Covenant School of Nursing and Allied Health will review the Drug Free School Zone program on a biennial schedule. Program effectiveness will be measured and reported per Department of Education Guidelines.

Covenant School of Nursing and Allied Health
Vaccinations

IMPORTANT NOTICE TO APPLICANTS: Please be aware that all of our students are required to have completed the bacterial meningitis (if 22 or under) and HEP B series before the start of school. If you have not yet begun to receive this series, or if you will not have it completed before classes begin, you will not be eligible for admission.

Required vaccinations include

- Tetanus booster (td or Tdap vaccination) within the past 10 years;
- Two measles, mumps, and rubella (MMR) immunizations, or titers proving immunity;
- Hepatitis B (HBV) immunization series completed, in progress, or a Hepatitis B Vaccination Declination Form signed by the student;
- Lab results showing immunity to varicella (chickenpox) or vaccination series (two doses required);
- One Mantoux Tuberculin Skin Test (TST) within the past year or immediately prior to program enrollment.
- Annual flu shot required.

Immunization Exemption Policy

No form of immunization is required for a person's admission to an institution of higher education if the person applying for admission meets the following conditions:

- submits to the admitting official:
  - an affidavit or a certificate signed by a physician who is duly registered and licensed to practice medicine within the United States in which it is stated that, in the physician's opinion, the immunization required poses a significant risk to the health and well-being of the applicant or any member of the applicant's family or household; or
  - an affidavit signed by the applicant stating that the applicant declines immunization for reasons of conscience, including a religious belief;

- is a member of the armed forces of the United States and is on active duty.

An affidavit submitted to the Admissions Officer must be on an Immunization Exemption Affidavit Form requested at [https://webds.dshs.state.tx.us/immco/](https://webds.dshs.state.tx.us/immco/) and must be submitted no later than the 90th day after the date the affidavit is notarized.

The exception does not apply in a time of emergency or epidemic declared by the commissioner of public health.

Immunization Exemption Affidavit Form 161.0041

Security Report

Covenant School of Nursing and Allied Health Campus Security Act Disclosure Statement

The Campus Security Act (Public Law 102-26) requires postsecondary institutions to disclose the number of instances in which certain specific types of crimes have occurred in any building or on any property owned or controlled by this institution which is used for activities related to the educational purpose of the institution and/or any building or property owned or controlled by student organizations recognized by this institution. In compliance with that law, the following reflects this institution’s crime statistics for the period between 1/1/2010 and 12/31/2012.

Covenant School of Nursing and Allied Health (CSNAH) has two on-campus sites. The Nursing and Radiologic Programs are located at:
2002 W. Loop 289 Suite #120
Lubbock, Tx. 79407.
When reporting crime statistics, the area includes West Loop 289 to Iola and 19th to 21st.

The Surgical Technology Program is located within the Covenant Medical Center campus located at:
3615 19th St.
Lubbock, Tx. 79410.
When reporting crime statistics, the area includes 19th to 22nd Pl. and Memphis to Indiana.

Crime statistics reported on non-campus locations include:

- Lubbock Specialty Hospital
  3815 20th Street, Lubbock, Texas 79410
- Covenant Southwest Medical Park
  9812 Slide Road, Lubbock, Texas 79424
- Covenant Health Plus
  7601 Quaker Avenue, Lubbock, Texas 79424
- Covenant Levelland
  1910 College Avenue, Levelland, Texas 79336
- Covenant Medical Group Urgent Care
  1910 Quaker Avenue, Lubbock, Texas 79410

The Campus Security Act defines public property as all thoroughfares, streets, sidewalks and parking facilities that are within the campus or immediately adjacent to and accessible from the campus.

Note: In complying with the crime statistical reporting requirements, CSNAH provides a map to current and prospective students and employees that depict its campus. See attached maps located at the end of the Disclosure Statement.

The following criminal offenses, published each year and must be reported no later than October 1 of each year, include any crime statistics that occurred on campus during the previous three calendar year periods.
Updated as of: January 2014

| Who to contact to report an incident at the Institution | Designated Safety Officer at CSON and CSOR 806-725-8904  
*Note: CSST will contact Medical Center Security Department at 806-725-0707 |

**General Information**

1. CSNAH is committed to providing a safe and secure environment for students. Access to the building of the Nursing and Radiologic programs is controlled by a keyless security code and is restricted to authorized individuals only. The CSON and CSOR campus does not employ on-campus security. All non-emergent events involving Covenant employees or students should be reported to the Covenant Security Department. All emergent events should be called in to “911”. The Surgical Technology program is housed on the campus of Covenant Medical Center which employs twenty-four hour security services.

2. All students and employees are required to report any crime or emergency to their institutional official promptly. If a student or employee wishes to report a crime on a voluntary or confidential basis, the institutional official will be prepared to record and report the crime, but not the name of the informant. The student or employee may, in order to maintain confidentiality, submit the information in writing to his/her institutional official without signature. If the student wishes not to maintain confidentiality, the student will contact his/her teacher or school official who in turn will contact the nearest supervisor to report criminal actions or emergencies to the appropriate agency by calling (911).

Preparation for the Annual Disclosure of Crime Statistics report is obtained by the institution’s Financial Aid Officer and Covenant Medical Center Security Department who contacts the Lubbock Police Department for statistics and the institution’s “Daily Crime Log”, and then records those statistics.

3. Only students, employees and other parties having business with this institution should be on institutional property. Staff, faculty, students, and prospective students or any person entering the premises must have and display at all times a security identification badge. Those without an identification badge must sign in at the entrance and identify their purpose of visit, the person to be visited and register their time in and out of the building. The visitor must also wear a visitor’s badge while on campus. All access doors leading to the Nursing and Radiologic program campus are closed and locked during evening hours starting at 5:00pm. When the school closes for the night, the school’s official or supervisor will inspect each room to see that it is empty. Other individuals present on institutional property at any time without the express permission of the

Covenant School of Nursing and Allied Health
appropriate institutional official(s) shall be viewed as trespassing and may as such be subject to a fine and/or arrest. In addition, students and employees present on institutional property during periods of non-operation without the express permission of the appropriate institutional official(s) shall also be viewed as trespassing and may also be subject to a fine and/or arrest.

4. Current policies concerning campus law enforcement are as follows:

   a. Institution’s officials have no powers of arrest other than the Citizens Arrest Law, and are required in the event of a crime or emergency to call the correct agency or dial (911) for the police and emergency services. The Citizens Arrest Law will be invoked only as a last resort, and after all other possibilities have been explored.

   b. Employees shall contact their immediate or nearest ranking supervisor to report any criminal action or emergency to the appropriate agency by calling (911). If possible, in the interim, institutional official shall attempt to non-violently deal with the crime or emergency with the appropriate agency on campus. Individual discretion must be used, as undue risk should not be taken.

   c. The institution currently has the Covenant Assistance Program (CAP) available to provide counseling services. In the event a student needs pastoral counseling, a member of Covenant Health Pastoral Care will be notified.

5. Although this institution offers a brief crime awareness and prevention session with each orientation, the students are encouraged to exercise proper care in seeing to their own personal safety and the safety of others. The following is a description of policies, rules and programs designed to inform students and employees about the prevention of crimes on campus.

   a. Do not leave personal property in classrooms
   b. Report to your institutional official, any suspicious persons.
   c. Always try to walk in groups outside the school premises.
   d. If you are waiting for a ride, wait within sight of other people
   e. Employees (staff and faculty) will close and lock all doors, windows and blinds and turn off lights when leaving a room.
   f. The “Crime Awareness and Campus Security Act” is available upon request to students, employees (staff and faculty) and prospective students.
   g. Information regarding any crimes committed on the campus will be available and posted in a conspicuous place within two (2) business days after the reporting of the crime and be available for sixty (60) business days during normal business hours, unless the disclosure is prohibited by law, would jeopardize the confidentiality of the victim, or an ongoing criminal investigation, the safety of an individual, cause a suspect to flee evade detection: or result in the destruction of evidence. Once the reason for the lack of disclosure is no longer in force, the institution must disclose the information. If there is a request for information that is older than sixty 60 days, that information must be made available within two (2) business days of the request.
6. All incidents shall be recorded in the Institution's daily Incident Log located at Covenant Medical Center Security Department. The log includes the date, time, location, incident reported, and disposition of incident and the name of the person who took the report. The report must be entered in the log within two (2) business days after it is reported to the school's official, unless that disclosure is prohibited by law or would endanger the confidentiality of the victim.

7. This institution does not permit the sale, possession or consumption of alcoholic beverages on school property and adheres to and enforces all state underage-drinking laws.

8. The institution does not permit the possession, use or sale of illegal drugs by its employees and students and adheres to and enforces all state and Federal drug laws. The violations of these policies by students or employees may result in expulsion, termination and/or arrest.

9. Information concerning drug and alcohol abuse education programs are posted on campus and is distributed annually to students and staff. Covenant Assistance Program (CAP) is available to provide information about and assistance with obtaining treatment for any type of substance abuse which might adversely affect the student's health, safety and/or academic progress.

10. Sexual assaults (criminal offenses) on campus will be reported immediately to the institution's official, who will report it to (911) emergency and police units. The person who was victimized will be encouraged to seek counseling at a rape crisis center and to maintain all physical evidence until such a time as that person can be properly transported to a hospital or rape crisis center for proper treatment. This institution has zero tolerance of such assault; the violation of this policy by students or employees may result in expulsion, while investigations are being followed, termination and/or arrest.

11. The Institution encourages all students and employees to be responsible for their own security and the security of others. Please report any known criminal offenses occurring on campus to the school administration.

12. In the event a sexual offense should occur on campus, the victim should take the following steps:
   a. Report the offense to the school administration.
   b. Preserve any evidence as may be necessary to the proof of the criminal offense.
   c. Request assistance, if desired, from school administration in reporting the crime to local law enforcement agencies.
   d. Request a change in the academic situation if necessary.

13. On campus disciplinary action in cases of alleged sexual assault will be based on the findings of the law enforcement agency investigating the facts pertaining to the crime and other mitigating circumstances.

14. These records are available upon request through the administrative offices.

Covenant School of Nursing and Allied Health
15. The institution will, upon written request, disclose to the alleged victim of any crime of violence, or a non-forcible sex offense, the results of any disciplinary proceedings conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of the crime or offense, the information shall be provided, upon request to the next of kin of the alleged victim.

16. As part of the Crime Control and Law Enforcement Act of 1994, the institution is required to make the following link/information available to the campus community where information can be accessed regarding registered sex offenders.

Students and employees should refer to the following person or agency when reporting or seeking help on a criminal incident. Please note that any emergency that requires immediate attention should not be waited upon to report to the school’s Dean but rather contact the appropriate agency by calling (911).
General Emergency Procedures

Who to Contact
All employees are expected to be familiar with and to follow procedures outlined in the CSNAH Emergency Response Plan. In the case of an emergency or immediate or perceived threat toward the students and/or employees, or immediate or perceived threat toward any other person on the school premises, the employee is authorized to make an emergency call to 911. Instructors (including student instructors) and/or staff members should remain in the room with their students if they are notified of a possible emergency. As soon as is reasonably possible, the Administration should be notified of the possible threat.

Medical Attention
Anything requiring more than minor attention is to be referred to the local hospital. Except in cases of severe illness or medical emergencies, students are considered mature enough to seek appropriate relief such as returning home, visiting the restroom, or seeking medical help.

Personal Responsibility for Safety
No safety rule is a complete substitute for common sense, nor can safety rules be devised to cover every situation you experience. For these reasons, good judgment must be used in every situation. Each person is responsible for the following:

Individual Responsibility
Follow the approved practices and procedures or standards which apply, on any work you perform for the school.

Use only the appropriate protective equipment and devices. Use such equipment or devices whenever the hazard justifies their use or when so instructed by your supervisor.

It is the responsibility of everyone to make frequent inspections of tools and other equipment used to make sure such tools and equipment are in good physical condition.

Report to your Supervisor/Instructor any condition which might injure any person or damage any property. The hazard should also be pointed out to others exposed to it in order to correct or avoid it before an accident occurs.

Any injury which occurs at school, no matter how slight, or any accident that causes damage to property shall be reported immediately to the School Dean/Director. All injuries and accidents should be reported to the Supervisor/Instructor by the end of the day.

If anyone observes another who is about to endanger themselves, another person, or property while at the School, they should intervene immediately in such a way as to not endanger themselves.

Alcoholic beverages are not allowed on the School property and use of such is prohibited. No one is to report for work or class evidencing any effects of alcoholic consumption.

Controlled substances, such as marijuana and cocaine, are illegal by state and federal law. Their use and possession are prohibited on school property.
Accident Investigation and Reporting
Anyone who suffers an injury during school shall promptly report such injury to the Supervisor/Instructor no later than end of the period on the day in which the injury occurred.

Every accident shall be investigated to determine the cause and the steps needed to prevent a recurrence. It shall be the responsibility of the Supervisor/Instructor to obtain the complete and detailed facts of the accident as soon as possible after it occurs and to see that the required reports are made to the Administration. All incidents shall be reported through the incident reporting system for tracking. Students should be sent to Employee Health for evaluation.

Firearms
Firearms, ammunition, explosives or other weapons are prohibited on the school property. Exceptions to this policy are limited to the following instances:

- Department of Public Safety and other law enforcement agencies in performance of their normal duties may carry firearms on School property and
- TCLEOSE approved students.

Good Housekeeping
Good Housekeeping is essential to safe operation. It will result in fewer accidents and will reduce fire hazards. Oil and chemical spills should be cleaned up promptly to eliminate slipping and fire hazards. All work areas must be kept free of tools, materials, draped hoses, extension cords, and other objects which create hazards. Cleaning up the area where you are working is part of the job. A job is not completed until the area is cleaned up.
Fire Prevention and Security

Fire Prevention
Everyone should exercise good judgment and conduct themselves in a manner that would prevent fires while on School property.

Smoking is only allowed outside in designated areas; 20 feet from any entrance. This also includes the use of any electronic smoking devices.

If a fire should occur, contact your supervisor/instructor or the School Dean/Director and follow the Fire Safety Plan:

RACE procedure
- R- Rescue/Remove persons in immediate danger of fire.
- A- Alarm/Announce. Pull fire alarm and call emergency number.
- C- Confine/Contain. Close all doors to prevent spreading of fire/smoke.
- E- Extinguish/Evacuate. Get Fire Extinguisher if needed. If the Code Red is cleared in the fire area, you may return to that area if the Fire Department and/or Property Supervisor have declared the area safe.

The following chart describes the different types of fires normally encountered and the proper extinguisher to use in each case.

<table>
<thead>

</tr>
</tbody>
</table>

Storage of Flammable Liquids
Metal containers and/or safety cans equipped with flame arresters and spring actuated caps should be used for the storage and handling of all flammable liquids with a flashpoint of less than 100 degrees F.
Solvents, Chemicals and Chemical Cleaning

Rules
All chemicals and solvents are treated as potential hazards from initial delivery to ultimate use and require the use of safe practices at all times.

Anyone handling flammable liquids or chemicals of any type should wear appropriate protective clothing and will comply with industry safe practices and the safety instructions on the container label in regards to both the use and storage of these materials.

Chemicals and materials with toxic fumes are to be used only in well-ventilated areas.

Responsibilities
It is the responsibility of everyone to be aware of the hazards related to the use of solvents, chemical cleaning materials, and other chemicals and to enforce the rules related to their use. Hazards to be considered when using solvents, chemical cleaning materials, and other chemicals are:

- Contact with a hazardous material can cause skin rash or dermatitis, corrosive burns or eye damage.
- Potential explosive or fire hazard.
- The danger of ingestion of a poisonous, corrosive, or hazardous substance through the mouth or absorbed through the skin.
- The inhalation of a volatile solvent, gas or toxic dust which may produce asphyxiation, intoxication, or damage to mucous membrane and internal organs.

First Aid
First aid procedures vary depending on the chemical nature of the materials in question. Follow the instructions on the container label.

In the event that a person should come in contact with solvent or chemicals in the eyes or on the skin, the affected area should be irrigated for a minimum of fifteen (15) minutes.

If anyone ingests chemical materials or is splashed with a hazardous material and irrigation facilities are not available, they should immediately be referred to a hospital emergency room.
Severe Weather

Tornado
If (in the judgment of the Dean/Director or administrator in charge) the threat of impending danger warrants it, the following actions may be taken:

- Dismissal of all classes and assembly of students and employees into interior hallways/classrooms and away from glass windows, doors and partitions.
- Everyone should remain in these “safe areas” until in the opinion of the Dean/Director the threat of danger is past. Assigned “Safe Areas” are noted at the doorway of each area.
- If the tornado or destructive wind strikes the building, everyone should sit on the floor, with backs against the wall, their heads between their knees, and their hands clasped over the backs of their heads until all danger is past.

Flooding
Because of the location of the School, buildings at CSNAH are not likely to flood. However, during periods of flooding, the Dean/Director will remain in contact with appropriate authorities and will keep both students and employees advised of local road conditions.

Ice and Snow
In the event that ice and/or snow threaten to make highway travel hazardous, the Dean/Director may dismiss classes to allow commuters to return home safely.

Closing the School as the Result of Severe Weather
Only the Dean/Director has the authority to close the School. When this action is taken, the Dean/Director will notify the students and faculty via the mass communication system

Self-Determination Policy
No student will attempt to attend class and no employee will report to work if, by their opinion or by the warning of law enforcement officials, travel conditions in their area are unsafe (or if other circumstances would place their lives/health in jeopardy).
Evacuation Procedures

Emergency Communication Guidelines
In the event of an emergency, CSNAH students, faculty and staff will be notified through the Mass Communication System. This system is tested twice annually.

Emergency Evacuation
Curing an emergency evacuation, each instructor is responsible for the safe and orderly evacuation of his/her class. Instructors not in class should assist with any evacuation problems that may arise. It is the instructor's responsibility to prevent panic, control traffic, and provide calm leadership. The following guidelines should be observed:

- Instructors should know the shortest route from the classroom to the nearest exit.
- When the need to evacuate the building arises, the class should be directed to move single-file through the nearest exit and well beyond the building to an area of safety.
- The instructor should be last to leave in order to check that all students are out of the classroom and to close the door.
- Never return to the building until instructed to do so by the appropriate authorities.

Disaster Response Plan

Purpose
- To coordinate the School’s response to disasters while paying special attention to the safety and security needs of members of the CSNAH community.
- To maintain the safety and security of faculty, staff and students as a whole, in the event of a disaster.
- To provide counseling, guidance, and appropriate support services to the families, friends, students, and campus community members in the event of a disaster.

Definition of a Disaster
A disaster is a situation that involves CSNAH student(s) and/or employee(s) that creates a major disruption of normal operations and calls for a response beyond normal school operational procedures. Examples may be situations such as natural/structural disasters, violent behavior or life threatening injury or illness.

(Note: this plan is for general information only. During an actual disaster, variations might be made depending on the nature of the event and the situation.)

Student Assistance Services
In the event of a disaster, the Dean/Director or designated official of CSNAH will act as the referral agent for students seeking assistance for emotional or personal counseling services.

Disaster Procedures
1. The Dean/Director is notified of a disaster involving a CSNAH student or employee. First responders may call 911 if they determine that immediate medical attention is necessary. Once emergency services have been contacted, all steps in this process must be followed.
2. The Dean/Director gathers information concerning the disaster and responds accordingly.

In the event that scheduled classes need to be cancelled or altered in some manner the School Dean/Director will contact the students, faculty and staff via the mass communication system. The closure will also be posted on the school website. (Who will be responsible for doing this?)

Any media contact, press releases, email or website assistance must be coordinated through the Covenant Public Information Officer.

3. Depending on the evaluation of the situation, one or more of the following may occur:

   a. CSNAH will without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain respond to or otherwise mitigate the disaster.

   The Dean/Director goes to the scene of the incident to assess the need for back-up personnel.

   Based on the initial findings and upon agreement with either the Dean/Director, the response may include: dealing with the situation alone, contacting appropriate outside agencies (e.g. local police, hospital), contacting family members, contacting counseling center, etc.

   b. If warranted, a disaster meeting with the Covenant Safety Officer may be called. A Disaster Response Team (DRT) may be called after evaluation of the situation and with consent of the Dean/Director.

   c. Dean/Director initiates contacting family members of students, faculty and staff.

   d. A DRT meeting is called. The Covenant Safety Officer will assist the Dean/Director in dealing with the disaster.

4. Once the issue/situation is under control, the Covenant Safety Officer, Dean/Director and other respondents will meet and debrief. Any needed follow-up plans, communications, activities, and/or programs will be determined for final resolution of the disaster. Timelines for these activities will be determined and a closure/evaluation meeting will be scheduled. CSNAH will evaluate all responses to disasters at the closure/evaluation meeting.

5. The Covenant Safety Officer will recommend to the Dean/Director any policy revisions in procedures and will compile an After Action Incident Report to be filed in the Office of the Dean/Director.

**CSNAH Disaster Command Center**

When a disaster involves responses from a variety of personnel, a Command Center will be established. The Command Center will communicate and coordinate all activities involved in
the responses to the disaster. Communications involving responding personnel will be dispersed through this Command Center by the Covenant Safety Officer and/or Dean/Director.

Covenant School of Nursing and Allied Health
Placement in Employment

School of Nursing
Graduates from Covenant School of Nursing work in various areas in the Healthcare industry. Our students work in one of the following areas: Acute Care, Long Term Care or in the Community. Acute care can be said to include some of the following areas: ER, Pedi, Med-Surg, ICU, Mom Baby, etc. Long Term Care (LTAC) refers to hospital-based care that requires long term care past acute care regulations. Community Facilities may be said to include some of the following areas: Clinics, Home Health Agencies or Nursing Facilities, etc.

School of Radiography
Students that graduate Covenant School of Radiography are eligible to find jobs in many different areas. Some of these opportunities are Hospitals, clinics, research centers, and also there are many different modalities for these graduates to work. Some of these areas are: Endoscopy, Diagnostic radiography, PET, Surgery, Computed Tomography Scanning, MRI, Interventional, Cath Lab, Trauma Units, Ultrasound, Mammography, Mobile Radiography, Nuclear Medicine, EBT, and many more opportunities… Radiology is a growing field with many opportunities for growth.

School of Surgical Technology
Upon graduation, the surgical technologist is able to practice in a variety of settings: hospitals (OR, Endoscopy, Labor and Delivery, Catheterization Lab), ambulatory surgery centers, physician’s offices and traveler agencies.

### Transfer Out Rates

CSNAH has a very low transfer out rate (1 in ten years) therefore each request is handled on an individual basis. Transferring institutions may obtain more program information from [www.cson.covenanthealth.org](http://www.cson.covenanthealth.org).
Section 8: Disclosure Requirements Relating to Educational Loans
**State Grant Assistance**

Covenant School of Nursing and Allied Health are not eligible for state grant assistance.

**Student Loan Information Published by Department of Education**

To obtain copies of publications please contact the education publications center at [www.edpubs.gov](http://www.edpubs.gov)

**National Student Loan Data System**

The National Student Loan Data System (NSLDS) is the U.S. Department of Education’s central database for student aid. NSLDS receives data from schools, guaranty agencies, the Direct Loan program and other Department of Education programs. NSLDS Student Access provides a centralized integrated view of Title IV, HEA loans and grants so that recipients of Title IV funds can access and inquire about their funds. The website is located at [www.nslds.ed.gov](http://www.nslds.ed.gov)

**Entrance Counseling for Student Borrowers**

Entrance Counseling and the MPN can be accessed at [www.studentloans.gov](http://www.studentloans.gov)

**Exit Counseling for Student Borrowers**

When a student ceases enrollment, CSNAH Financial Aid Officer will direct the student to the following link ([http://nslds.ed.gov](http://nslds.ed.gov)) to complete the exit counseling process. A copy of the confirmation of completion must be given to the Financial Aid Officer prior to leaving.

**Private Education Loan Disclosures**

*(Including Self-Certification Form)*

Pursuant to Section 155 of the Higher Education Act of 1965, as amended, (HEA) and to satisfy the requirements of Section 128(e)(3) of the Truth in Lending Act, a lender must obtain a self-certification signed by the applicant before disbursing a private education loan. The school is required on request to provide this form or the required information only for students admitted or enrolled at the school. Throughout this Applicant Self-Certification, “you” and “your” refer to the applicant who is applying for the loan. The applicant and the student may be the same person. [http://ifap.ed.gov/dpcletters/attachments/GEN1001A-AppSelfCert.pdf](http://ifap.ed.gov/dpcletters/attachments/GEN1001A-AppSelfCert.pdf)

**Code of Conduct for Education Loans**

To comply with the 2008 Higher Education Opportunity Act, CSNAH adopts the following Code of Conduct to provide guidance to our employees in insuring the integrity of the student aid process and in ensuring ethical conduct of our employees in regard to student loan practices. Our officers, employees, trustees and agents, including the alumni association and other
organizations associated with CSNAH, agree to the provisions of this Code of Conduct and will refrain from:

1. Accepting philanthropic contributions from a lender, lender servicer, or guarantor that are related to the educational loans provided by the entity that is making the contribution.

2. Serving on or otherwise participating as a member of an advisory council for a lender, lender affiliate, or lender servicer unless one would recuse themselves from decisions regarding private loans.

3. Accepting from a lender or its affiliate any fee, payment, or other financial benefit as compensation for any type of consulting arrangement or other contract to provide education loan-related services to or on behalf of the lender.

In addition, Student Financial Services staff will refrain from:

4. Accepting fees or other benefits in exchange for endorsing a lender or the lender's loan products.

5. Requesting or accepting an offer of funds for private education loans from a lender, in exchange for our promise to provide the lender with placement on a preferred lender list, or a certain number of volume of private education loans.

6. Refusing to certify or delaying the certification of an education loan based on a borrower's choice of lender.

7. Assigning a first-time borrower to a particular private education loan lender through the student's financial aid award or another means.

8. Packaging a private education loan in a student's financial aid award, except when the student is ineligible for other financial aid, has exhausted his or her federal student aid eligibility, has not filed a Free Application for Federal Student Aid, or refuses to apply for a federal student loan.

9. Accepting impermissible gifts, goods, or services from a lender, lender servicer, or guarantor. The institution may accept default prevention, financial literacy, or student aid-related educational services or materials, or other items of a nominal value.

10. Receiving anything of value other than reimbursement of reasonable expenses while serving on an advisory board, commission, or group established by a lender or group of lenders.

CSNAH is committed to providing the information and resources necessary to help every student achieve educational success. To accomplish this goal the financial aid staff will consider each student's individual needs.
Preferred Lender Lists

CSNAH currently prefers Wells Fargo as our preferred lender because it will submit loan checks directly to the school and student. This insures that tuition and fees will be paid. Other lenders that will accommodate this requirement will also be considered.

Preferred Lender Arrangements

CSNAH does not have any specific lenders for private lender loans or for Title IV, HEA loans.
