## **What is Covenant Cares?**

Covenant Cares is our employee campaign to raise money for equipment and programs for any department at Covenant Health.

## **How is the money spent and who makes the decision to spend it?**

Covenant employees donate to the fund and Covenant employees distribute the funds based on requests submitted by Covenant employees every quarter. The employees who make the funding decisions are called the Covenant Cares funding board, which is run **100 percent** by employees. Employees provide the funds and decide how those funds are spent.

## **How do I donate?**

**Multi-Year Hour of Power (MYHOP)**- An Hour of Power is one hour of pay per month for 12 months. You can choose to be a **MYHOP**- which is still giving your one hour of pay per month, but you are opting to automatically re-enroll so you do not have to fill out a pledge card every year.

**OR**

Give an **Hour of Power (HOP)** donation to Covenant Cares, and receive one eight-hour paid day off to be used in 2017 AND 500 reward points.

You may also give a one-time gift or donate a specified amount per pay period.

## **Why should employees contribute?**

There are many things that need to be purchased to make our hospital the best it can be. As a non-profit hospital, there simply isn't enough money to cover the list of needs. However, the Covenant Cares campaign aids in bridging the financial gap with significant impact and is a tremendous blessing to all those who work for and visit Covenant Health.
